

**Revenue Estimating Conference**  
**Gross Receipts Tax/Communications Services Tax**  
**February 28, 2014**  
**Executive Summary**

The Revenue Estimating Conference met on February 28, 2014, to adopt a new forecast for the Gross Receipts Tax and the State Sales Tax on Communications Services. Since the December conference, actual collections for both revenue sources have come in higher than expected: the Gross Receipts Tax (which is imposed on gross receipts from the sale of electricity, gas and communication services) by \$1.1 million, and the State Sales Tax on Communications Services by \$7.3 million. Compared to the December conference result, the new estimates are generally higher than the previous projections.

The new forecast does not contain the cash impact of pending refund requests related to the settlement reached in *In re: AT&T Mobility Wireless Data 265 Services Sales Litigation*, 270 F.R.D. 330, (Aug. 11, 2010). These refunds were previously estimated to total as much as \$158.2 million. If approved by the Department of Revenue, the refunds will affect the Gross Receipts Tax, the State Sales Tax on Communications Services, and the Local Communications Services Tax; however, the timing and final amounts of the refund payments are currently unknown and could vary substantially from the initial estimates.

Changes in the forecast for Gross Receipts Tax collections feed directly into the dollars available for PECO appropriations. The highlights are detailed below.

	Gross Receipts Tax All Sources	Diff from Prior Forecast	% change from Prior Forecast	Communications Services Tax-State Tax Component*	Diff from Prior Forecast	% change from Prior Forecast
<b>FY 13-14</b>	994.84	7.64	0.77%	923.15	10.51	1.15%
<b>FY 14-15</b>	1005.32	11.65	1.17%	921.54	11.25	1.24%
<b>FY 15-16</b>	1019.97	11.34	1.12%	927.13	9.51	1.04%
<b>FY 16-17</b>	1033.98	11.30	1.11%	933.53	8.39	0.91%
<b>FY 17-18</b>	1048.63	11.61	1.12%	940.50	7.81	0.84%
<b>FY 18-19</b>	1063.40	11.35	1.08%	947.74	5.73	0.61%

<b>FY 20-21</b>	1093.67	11.82	1.09%	963.69	3.71	0.39%
<b>FY 21-22</b>	1108.17	11.78	1.07%	972.51	1.95	0.20%
<b>FY 22-23</b>	1122.90	12.04	1.08%	981.98	0.96	0.10%

\*The CST State Tax Component Includes Direct-to-Home Satellite.

**Gross Receipts Tax on Utilities...** Coming into Conference, Gross Receipts collections on Utilities for the year were outpacing the estimate by \$5.4 million, the driving force being collections on electricity. Year to date electricity consumption for both commercial and residential sectors is growing at an annual rate of 0.56%. For both residential and commercial consumption of natural gas, year to date consumption is down 1.5%. The variability within the small base of natural gas consumption in Florida could lend itself to turning positive as

quickly as it turned negative. The new electricity forecast was increased \$12.16 million while the gas forecast was unchanged from the prior estimate.

**State Communications Services Tax, Including Direct-to-Home Satellite Service (CST)...** The Revenue Estimating Conference made a number of adjustments to the conference package to more closely align the different services with the process used to develop the forecast. The estimates for Gross Receipts CST and Sales CST are produced by examining the major CST tax bases. Essentially, the overall forecast relies on generating separate growth rates for the cable, wireless, landline (residential and commercial), miscellaneous services and direct-to-home satellite tax bases.

The cable base, given its relative size and projected growth averaging between 1.5% and 2.5%, is the primary positive driver of CST growth. Conversely, wireless growth rates are expected to be negative in accordance with the current trend data. The weakest base is landline, which is forecasted to decline at 5% per annum. The tax base for miscellaneous services is expected to experience growth slightly higher, 3.2%, than the cable base, with 6% growth for FY 2013-14. The base for direct-to-home satellite services is forecasted to grow moderately, moving in a narrow band between 1% and 2.2% through the entire forecast period.

Gross Receipts CST is derived from two different tax rates plus a portion of direct-to-home satellite collections. First, a tax rate of 2.37% is applied to the cable, wireless, landline and miscellaneous services tax bases. Second, an additional tax rate of 0.15% is applied to the same tax bases, excluding landlines in residential households. The dollars generated by both of these tax rates, plus 18% of total direct-to-home satellite collections, comprise total Gross Receipts CST collections.

Collections of Sales CST are generated by applying a tax rate of 6.65% against the cable, wireless, landline and miscellaneous services tax bases, coupled with 51.63% of total direct-to-home satellite collections. The landline tax base is reduced by the residential household telephone exemption for Sales Tax CST. Because the weakening landline base impacts Gross Receipts CST to a greater degree than Sales CST, Sales CST has stronger growth rates.

Direct-to-home satellite service is taxed at a 13.17% rate. The tax revenue is distributed between Gross Receipts CST, Sales CST, and local governments.

**Local Communications Service Tax...** The local CST forecast applies an average local CST tax rate of 5% to the four major bases (cable, wireless, landline and miscellaneous services). Like the CST forecasts for Gross Receipts and Sales, the local forecast is expected to decline because of the reduction in the wireless base.

**Revenue Estimating Conference**

**Gross Receipts Tax and Communications Services Tax**

**February 28, 2014**

This forecast does not contain the cash impact of pending refund requests related to the settlement reached in In re: AT&T Mobility Wireless Data 265 Services Sales Litigation, 270 F.R.D. 330, (Aug. 11, 2010). These refunds were previously estimated to total as much as \$158.2 million. If approved by the Department of Revenue, the refunds will affect the Gross Receipts Tax, the State Communications Services Tax, and the Local Communications Services Tax; however, the timing and final amounts of the refund payments are currently unknown and could vary substantially from previous estimates.
