

**REVENUE ESTIMATING CONFERENCE**

**Tax:** Communications Services Tax

**Issue:** CST State Rate Cut

**Bill Number(s):** HB701 & SB 1174

**Entire Bill**

**Partial Bill:** Section 3

**Sponsor(s):** Representative Fischer & Senator Hutson

**Month/Year Impact Begins:** January 1, 2021 (1-month lag to collections)

**Date of Analysis:** January 10, 2020

**Section 1: Narrative**

**a. Current Law:** Section 202.12, F.S. states that the non-satellite CST tax rate is set at 4.92%.

**b. Proposed Change:** The bill language reduces the non-satellite CST tax rate to 4.9%.

**Section 2: Description of Data and Sources**

Revenue Estimating Conference Gross Receipts Tax and Communications Services Tax (December 2019)

**Section 3: Methodology (Include Assumptions and Attach Details)**

The implied tax base for the non-satellite Component of State Sales Tax Transfer is calculated based on the 12/2019 CST Revenue Estimating Conference. The new rate is applied to the base and the difference between the collections under the new rate and the collections under the old rate is the recurring impact. The first-year cash values are equal to 5 months of the recurring due to the January 1, 2021 effective date of the bill.

**Section 4: Proposed Fiscal Impact**

	High		Middle		Low	
	Cash	Recurring	Cash	Recurring	Cash	Recurring
2020-21			\$(0.9 M)	\$(2.1 M)		
2021-22			\$(2.1 M)	\$(2.1 M)		
2022-23			\$(2.1 M)	\$(2.1 M)		
2023-24			\$(2.1 M)	\$(2.1 M)		
2024-25			\$(2.1 M)	\$(2.1 M)		

**List of affected Trust Funds:**

Sales Tax Group of CST

**Section 5: Consensus Estimate (Adopted: 01/10/2020):** The Conference adopted the proposed estimate, assuming that section 2 of the bill has no impact.

## REVENUE ESTIMATING CONFERENCE

**Tax:** Ad Valorem

**Issue:** Tax Exemption for Deployed Servicemembers

**Bill Number(s):** [Proposed Language](#)

**Entire Bill**

**Partial Bill:**

**Sponsor(s):**

**Month/Year Impact Begins:** Upon becoming law and applies to ad valorem tax rolls for 2020 and beyond

**Date of Analysis:** 1/17/2020

### Section 1: Narrative

- a. Current Law:** (2) The exemption is available to servicemembers who were deployed during the preceding calendar year on active duty outside the continental United States, Alaska, or Hawaii in support of any of the following military operations:
- (a) Operation Joint Task Force Bravo, which began in 1995.
  - (b) Operation Joint Guardian, which began on June 12, 1999.
  - (c) Operation Noble Eagle, which began on September 15, 2001.
  - (d) Operation Enduring Freedom, which began on October 7, 2001, and ended on December 31, 2014.
  - (e) Operations in the Balkans, which began in 2004.
  - (f) Operation Nomad Shadow, which began in 2007.
  - (g) Operation U.S. Airstrikes Al Qaeda in Somalia, which began in January 2007.
  - (h) Operation Copper Dune, which began in 2009.
  - (i) Operation Georgia Deployment Program, which began in August 2009.
  - (j) Operation Spartan Shield, which began in June 2011.
  - (k) Operation Observant Compass, which began in October 2011.
  - (l) Operation Inherent Resolve, which began on August 8, 2014.
  - (m) Operation Atlantic Resolve, which began in April 2014.
  - (n) Operation Freedom's Sentinel, which began on January 2015.
  - (o) Operation Resolute Support, which began in January 2015.
- b. Proposed Change:** The bill proposes that service members who were also in support of the following operations qualify for the exemption:
- (p) Operation Juniper Shield, which began February 2007.
  - (q) Operation Pacific Eagle, which began September 2017.
  - (r) Operation Martillo, which began January 2012.

Section 2. Application deadline for additional ad valorem tax exemption under s. 196.173, Florida Statutes, for 2019 qualifying deployments.

- (1) Notwithstanding s. 196.173, Florida Statutes, the deadline for an applicant to file an application with the property appraiser for an additional ad valorem tax exemption under s. 196.173, Florida Statutes, for the 2020 tax year is June 1, 2020.
- (2) If an application is not timely filed under subsection (1), a property appraiser may grant the exemption if:
  - (a) The applicant files an application for the exemption on or before the 25<sup>th</sup> day after the mailing by the property appraiser during the 2020 calendar year of the notice required under s. 194.011(1), Florida Statutes;
  - (b) The applicant is qualified for the exemption; and
  - (c) The applicant produces sufficient evidence, as determined by the property appraiser, which demonstrates that the applicant was unable to apply for the exemption in a timely manner or otherwise demonstrates extenuating circumstances that warrant granting the exemption
- (3) If the property appraiser denies an application under subsection (2), the applicant may file, pursuant to s. 194.011 (3), Florida Statutes, a petition with the value adjustment board which requests that the exemption be granted. Such petition must be filed on or before the 25<sup>th</sup> day after the mailing by the property appraiser during the 2020 calendar year of the notice required under s. 194.011 (1), Florida Statutes. Notwithstanding s. 194.013, Florida Statutes, the eligible servicemember is not required to pay a filing fee for such petition. Upon reviewing the petition, the value adjustment board may grant the exemption if the applicant is qualified for the exemption and demonstrates extenuating circumstances, as determined by the board, that warrant granting the exemption.

Section 3. This act shall take effect upon becoming law, and applies to ad valorem tax rolls for the 2020 tax year and thereafter.

### Section 2: Description of Data and Sources

Information from U.S. Department of Defense provided by the Florida Department of Military Affairs

**REVENUE ESTIMATING CONFERENCE**

**Tax:** Ad Valorem

**Issue:** Tax Exemption for Deployed Servicemembers

**Bill Number(s):** [Proposed Language](#)

[Ad Valorem Estimating Conference Package](#) (January 2020)

Florida Department of Revenue, 2018 and 2019 [Data Books Exemption Value Reports](#)

**Section 3: Methodology (Include Assumptions and Attach Details)**

According to the Acting Chief of Staff for the Department of Military Affairs, these three additional operations are subsets or a renaming of operations already included under current law. For example, Operation Juniper Shield was formerly known as Operating Enduring Freedom-Trans Sahara, an operation that was already covered by the current law. As such, few, if any, additional servicemembers would receive this property tax exemption.

The exemption values for 2018 and 2019 were gathered from the 2018 and 2019 Data Books' Exemption Value Reports. Because the statute was amended most recently in 2018, values prior to these years are unconnected to the most recent values. Also, due to the nature of the exemption calculation, there is not a linear correlation between number of active operations, parcels claiming the exemption, or number of deployed persons and the total exemption value. This is because the exemption value is based on the percent of days the servicemember was deployed in each year (e.g. A servicemember deployed for 36 days of the preceding year would be eligible for approximately a 10% discount). As such, the projection must be grown from the total exemption value, and not from parcel counts or average exemption values.

The high estimate assumes a 5% increase in exemption value. The middle estimate assumes a 1% increase in exemption value. The high and middle estimates are grown using the growth rates from the most recent Ad Valorem Estimating Conference (January 2020). The low estimate assumes no increase in exemption value.

Analysis assumes no changes to eligible operations for the duration of the forecast.

**Section 4: Proposed Fiscal Impact**

**REVENUE ESTIMATING CONFERENCE**

**Tax:** Article V Fees

**Issue:** Clerks of the Court

**Bill Number(s):** HB 967

**Entire Bill**

**Partial Bill:**

**Sponsor(s):** Gregory

**Month/Year Impact Begins:** 07/01/2020

**Date of Analysis:** 01/17/2020

**Section 1: Narrative**

- a. Current Law:** Section 40.29, F.S. requires the Justice Administrative Commission to provide funds to the clerk of the courts to compensate jurors, and pay for meals, lodgings, and other personnel costs of jurors. These payments shall be quarterly, based upon a report from the Clerk of Courts Operations Corporation (CCOC) estimating the costs incurred by each clerk during the previous quarter, and subject to Appropriation. Section 213.131, F.S. creates the Clerks of Court Trust Fund within the Department of Revenue as a repository for funds from counties whose clerks have a projected revenue surplus. From these funds, the CCOC prepares an annual reconciliation whereby a clerk’s revenue is compared to budgeted and actual expenditure. Clerks either receive additional funds or must return funds depending upon whether this analysis results on that clerk having either a surplus or deficit.
- b. Proposed Change:** Section 40.29, F.S. is revised to remove the section which directs the Justice Administrative Commission to provide funds to the clerk of the courts to compensate jurors, and pay for meals, lodgings, and other personnel costs of jurors. Section 213.131, F.S. is revised to clarify that funds deposited into the Clerks of Court Trust Fund that exceed one-twelfth of each clerk’s budget shall only be used to provide funds to clerks with projected revenue deficits. The Department of Revenue shall deposit into the Clerks of Court Trust Fund amounts appropriated per the General Appropriations Act to compensate jurors, and pay for juror’s meals, lodgings, and other personnel costs.

**Section 2: Description of Data and Sources**

Contact with staff from the CCOC

Staff Analysis for SB 590 prepared by the Committee on Judiciary on December 9, 2019

**Section 3: Methodology (Include Assumptions and Attach Details)**

Changing the agency responsible for and the process by which clerks of the court are compensated for juror expenses is subject to appropriation both in current law and by the changes being made in the bill. There is potential for negative impact to Clerks and positive impact to General Revenue if left over funds for this purpose then get rolled into the transfer to General Revenue per section 28.37, F.S. Based upon recent history, this impact is unlikely to occur. Changes made to section 213.131, F.S. related to surplus funds deposited into the Clerk of Court Trust Fund codifies current practice. Thus, there is no impact on General Revenue, state trust funds, or local funds.

## REVENUE ESTIMATING CONFERENCE

**Tax:** Article V Fees

**Issue:** Court Service Charges

**Bill Number(s):** HB 591

**Entire Bill**

**Partial Bill:**

**Sponsor(s):** Clemons

**Month/Year Impact Begins:** 07/01/2020

**Date of Analysis:** 01/17/2020

### Section 1: Narrative

#### a. Current Law:

##### Court Service Charges

Section 28.24, F.S. states that the clerk of the Circuit Court shall charge for services rendered in recording documents. These charges were increased by Ch. 2008-111, L.O.F.; however, section 47 of Ch. 2008-111, L.O.F. also stated that the Florida Clerks of Court Operations Corporation may not approve increases to the clerk's budgets based on increased revenue generate under this act, effectively directing all additional revenue not otherwise specified to the General Revenue Fund. Ch. 2019-58, L.O.F. revised numerous statutes referencing the fines, fees, and charges increased by Ch. 2008-111 L.O.F. to specify that those fees are to be deposited into the General Revenue Fund. These changes were remedial and clarifying in nature.

##### Appellate Fees

Section 28.241, F.S. charges the following appellate fees: \$280 for appeals from County Court to Circuit Court to be distributed \$20 to GR and \$260 to Clerks and \$100 for appeals from County or Circuit Court to District Court of Appeals or Supreme Court to be distributed \$20 to GR and \$80 to Clerks. When Ch. 2019-58, L.O.F. revised numerous statutes to specify that the fee increases per Ch. 2008-111, L.O.F. were to be distributed to GR, the \$20 distribution was erroneously applied to the \$280 fee instead of the \$100 fee.

#### b. Proposed Change:

##### Court Service Charges

Section 28.24, F.S. is revised to clarify that the Clerk/GR split for service charges within this section only applies when the service rendered is for a court function.

##### Appellate Fees

Section 28.241, F.S. is revised to clarify that from the \$100 fee for appeals from County or Circuit Court to District Court of Appeals or Supreme Court, \$20 is to be distributed to GR. In addition, the bill deletes language which directs \$20 from the \$280 fee for appeals from County Court to Circuit Court.

### Section 2: Description of Data and Sources

Article V REC held 12/19/19 and conference history

Contact with staff from OSCA and CCOC

CCOC Bill Analysis for HB 591 prepared 1/3/2020

REC Impact Analysis for CSCS HB 337 prepared 6/12/2019

### Section 3: Methodology (Include Assumptions and Attach Details)

#### Court Service Charges

Changes made to section 28.24, F.S. are consistent with current administration of these services charges. Thus, there is no impact.

#### Appellate Fees

In regards to the \$20 GR portion of the \$100 fee for appeals from County or Circuit Court to District Court of Appeals or Supreme Court, changes made to section 28.241, F.S. are consistent with current administration of this fee. Thus, there is no impact. There will be a negative impact to GR and positive impact to Clerks from deleting the \$20 GR portion of the \$280 fee for appeals from County Court to Circuit Court. To calculate this amount, historical transactions of the \$80 appellate fee were calculated for the fiscal years 2014-15 through 2018-19. The \$80 fee applies to both appeals from County Court and appeals from Circuit Court. To isolate the County Court appellate transactions, the county court percentage of the \$295 filing fee (40.6%) was applied to the derived \$80 fee transactions. These transaction were then multiplied by \$20 to calculate a historical amount for the fee which is being redirected. The calculated \$20 portion of the \$280 fee for FY 2018-19 was multiplied by the growth rates for the Clerk's Fine and

**REVENUE ESTIMATING CONFERENCE**

**Tax:** Article V Fees

**Issue:** Court Service Charges

**Bill Number(s):** HB 591

Forfeiture Funds Other 142.02 Revenue per the most recent Article V REC yielding an annual positive impact to the Clerks and negative impact to GR of approximately \$32,000.

Ch. 2019-58, L.O.F. revised section 34.01, F.S. so that effective January 1, 2020 the county court jurisdictional threshold is increased from \$15,000 to \$30,000 except for actions within the exclusive jurisdiction of the circuit court. Effective January 1, 2023 the county court jurisdictional threshold is increased from \$30,000 to \$50,000 except for actions within the exclusive jurisdiction of the circuit court. To alleviate the subsequent appellate impact from the jurisdictional change, section 26.012, F.S. was revised so that district courts retain jurisdiction over appeals of county court orders or judgments where the matter in controversy is over \$15,000; however, this change was repealed effective January 1, 2023. Thus, the impact from abolishing the \$20 GR portion of the \$280 fee must also consider the additional filing fees associated with the appellate jurisdiction change effective January 2023. The \$195 filing fee shifted to County Courts per Ch. 2019-58, L.O.F. was accessed from the most recent Article V REC and divided by \$195 to calculate shifted filings. Next, the 3.4% appellate rate from the REC Impact Analysis for CS CS HB 337, prepared 6/12/2019, was applied to the shifted filings to calculate shifted appeals. Multiplying shifted appeals by \$20 resulted in an annual positive impact to the Clerks and negative impact to GR ranging from \$22,146 to \$33,085 beginning with the 2022-23 fiscal year. When added together, the total amount shifting from GR to the Clerks ranges from \$32,445 in FY 2020-21 to \$65,784 in FY 2024-25.

## REVENUE ESTIMATING CONFERENCE

**Tax:** Article V Fees

**Issue:** Filing Fees

**Bill Number(s):** SB 790

**Entire Bill**

**Partial Bill:**

**Sponsor(s):** Brandes

**Month/Year Impact Begins:** Upon becoming law

**Date of Analysis:** 01/17/2020

### Section 1: Narrative

#### a. Current Law:

##### Court Service Charges

Section 28.24, F.S. states that the clerk of the Circuit Court shall charge for services rendered in recording documents. These charges were increased by Ch. 2008-111, L.O.F.; however, section 47 of Ch. 2008-111, L.O.F. also stated that the Florida Clerks of Court Operations Corporation may not approve increases to the clerk's budgets based on increased revenue generate under this act, effectively directing all additional revenue not otherwise specified to the General Revenue Fund. Ch. 2019-58, L.O.F. revised numerous statutes referencing the fines, fees, and charges increased by Ch. 2008-111 L.O.F. to specify that those fees are to be deposited into the General Revenue Fund. These changes were remedial and clarifying in nature.

##### Appellate Fees

Section 28.241, F.S. charges the following appellate fees: \$280 for appeals from County Court to Circuit Court to be distributed \$20 to GR and \$260 to Clerks and \$100 for appeals from County or Circuit Court to District Court of Appeals or Supreme Court to be distributed \$20 to GR and \$80 to Clerks. When Ch. 2019-58, L.O.F. revised numerous statutes to specify that the fee increases per Ch. 2008-111, L.O.F. were to be distributed to GR, the \$20 distribution was erroneously applied to the \$280 fee instead of the \$100 fee.

#### b. Proposed Change:

##### Court Service Charges

Section 28.24, F.S. is revised to clarify that the Clerk/GR split for service charges within this section only applies when the service rendered is for a court function. Section 30 of Ch. 2019-58, L.O.F. is revised to clarify that changes made to specify that fees and charges increased by Ch. 2008-111, L.O.F. to be deposited into the General Revenue Fund are only for those which serve as a court related function.

##### Appellate Fees

Section 28.241, F.S. is revised to clarify that from the \$100 fee for appeals from County or Circuit Court to District Court of Appeals or Supreme Court, \$20 is to be distributed to GR. In addition, the bill deletes language which directs \$20 from the \$280 fee for appeals from County Court to Circuit Court.

### Section 2: Description of Data and Sources

Article V REC held 12/19/19 and conference history

Contact with staff from OSCA and CCOC

CCOC Bill Analysis for HB 591 prepared 1/3/2020

REC Impact Analysis for CSCS HB 337 prepared 6/12/2019

### Section 3: Methodology (Include Assumptions and Attach Details)

#### Court Service Charges

Changes made to section 28.24, F.S. and Ch. 2019-58, L.O.F. are consistent with current administration of these services charges and fees. Thus, there is no impact.

#### Appellate Fees

In regards to the \$20 GR portion of the \$100 fee for appeals from County or Circuit Court to District Court of Appeals or Supreme Court, changes made to section 28.241, F.S. are consistent with current administration of this fee. Thus, there is no impact. There will be a negative impact to GR and positive impact to Clerks from deleting the \$20 GR portion of the \$280 fee for appeals from County Court to Circuit Court. To calculate this amount, historical transactions of the \$80 appellate fee were calculated for the fiscal years 2014-15 through 2018-19. The \$80 fee applies to both appeals from County Court and appeals from Circuit Court. To isolate the County Court appellate transactions, the county court percentage of the \$295 filing fee (40.6%) was applied to the derived \$80

**REVENUE ESTIMATING CONFERENCE**

**Tax:** Article V Fees

**Issue:** Filing Fees

**Bill Number(s):** SB 790

fee transactions. These transaction were then multiplied by \$20 to calculate a historical amount for the fee which is being redirected. The calculated \$20 portion of the \$280 fee for FY 2018-19 was multiplied by the growth rates for the Clerk’s Fine and Forfeiture Funds Other 142.02 Revenue per the most recent Article V REC yielding an annual positive impact to the Clerks and negative impact to GR of approximately \$32,000.

Ch. 2019-58, L.O.F. revised section 34.01, F.S. so that effective January 1, 2020 the county court jurisdictional threshold is increased from \$15,000 to \$30,000 except for actions within the exclusive jurisdiction of the circuit court. Effective January 1, 2023 the county court jurisdictional threshold is increased from \$30,000 to \$50,000 except for actions within the exclusive jurisdiction of the circuit court. To alleviate the subsequent appellate impact from the jurisdictional change, section 26.012, F.S. was revised so that district courts retain jurisdiction over appeals of county court orders or judgments where the matter in controversy is over \$15,000; however, this change was repealed effective January 1, 2023. Thus, the impact from abolishing the \$20 GR portion of the \$280 fee must also consider the additional filing fees associated with the appellate jurisdiction change effective January 2023. The \$195 filing fee shifted to County Courts per Ch. 2019-58, L.O.F. was accessed from the most recent Article V REC and divided by \$195 to calculate shifted filings. Next, the 3.4% appellate rate from the REC Impact Analysis for CS CS HB 337, prepared 6/12/2019, was applied to the shifted filings to calculate shifted appeals. Multiplying shifted appeals by \$20 resulted in an annual positive impact to the Clerks and negative impact to GR ranging from \$22,146 to \$33,085 beginning with the 2022-23 fiscal year. When added together, the total amount shifting from GR to the Clerks ranges from \$32,445 in FY 2020-21 to \$65,784 in FY 2024-25. Note that due to the bill being effective upon becoming law, there could also be an insignificant impact to GR and Clerks during fiscal year 2019-20 depending upon when the bill is signed.

**Section 4: Proposed Fiscal Impact**

GR	High		Middle		Low	
	Cash	Recurring	Cash	Recurring	Cash	Recurring
2020-21			(*)	(*)		
2021-22			(*)	(*)

**REVENUE ESTIMATING CONFERENCE**

**Tax:** Communications Services Tax

**Issue:** CST State Rate Cut

**Bill Number(s):** [Proposed Language](#)

**Entire Bill**

**Partial Bill:** Section 7, Section 14

**Sponsor(s):** N/A

**Month/Year Impact Begins:** January 1, 2021 and January 1, 2022 (1-month lag to collections)

**Date of Analysis:** January 10, 2020

**Section 1: Narrative**

**a. Current Law:** Section 202.19 F.S., allows jurisdictions to set a variety of rates depending on whether they are a Charter County, Municipality, or a Non-Charter County.

**b. Proposed Change:** The bill language reduces any rate above 5% down to 5% starting in January 1, 2021. CST Dealers may not collect the local taxes in excess of the 5% rate after January 1, 2021. This will happen regardless of whether or not the jurisdiction adopts the lowered rate. Any jurisdiction with a rate of 5% or less as of January 1, 2020 may not increase their rate. Starting on January 1, 2022 Charter counties and Municipalities will change their rate to 4% and all Non-Charter counties will change their rate to 2%. As in the prior change the CST dealers may not collect the local taxes in excess of these lower rates.

The Local Discretionary Sales Surtax Conversion Rates are halted as of January 1, 2021.

These changes replace the entire current Local CST rate including any permit fee add-ons.

**Section 2: Description of Data and Sources**

Revenue Estimating Conference Gross Receipts Tax and Communications Services Tax (December 2019)

Department of Revenue Tax Rate and distribution reports

**Section 3: Methodology (Include Assumptions and Attach Details)**

The bases for the respective sources are calculated by taking the 2018-19 distributions and dividing by the appropriate rates by jurisdiction. The calculated 2018-19 tax base is grown into the estimate period using the Local CST less DTH growth rates from the Communications Service Tax (CST) Revenue Estimating Conference. The current tax rates are held steady and adjusted for timing lags as the rates change on January 1. The proposed changes are also adjusted to account for the January 1 timing. These rates are applied to the estimated bases and the difference is the impact below. The cash values are 4 months of the new rate for the local CST change, and 5 months for the discretionary sales surtax conversion rate change.

**Section 4: Proposed Fiscal Impact**

	High		Middle		Low	
	Cash	Recurring	Cash	Recurring	Cash	Recurring

## REVENUE ESTIMATING CONFERENCE

**Tax:** Corporate Income Tax

**Issue:** Brownfields

**Bill Number(s):** HB 1001, section 2

**Entire Bill**

**Partial Bill:** HB 1001, section 2

**Sponsor(s):** Rep. Stone

**Month/Year Impact Begins:** July, 2020

**Date of Analysis:** January 17, 2020

### Section 1: Narrative

#### a. Current Law:

Section 376.30781, Florida Statutes, provides Corporate Income Tax credits for rehabilitation of drycleaning-solvent-contaminated sites and brownfield sites in designated brownfield areas pursuant to s. 220.1845, F.S., grants the Department of Environmental Protection (DEP) rulemaking authority and the authority to revoke eligibility under certain circumstances.

Subsection 376.30781(4), F.S., reads "(4) The Department of Environmental Protection is responsible for allocating the tax credits provided for in s. 220.1845, which may not exceed a total of \$18.5 million in tax credits in fiscal year 2018-2019 and \$10 million in tax credits each fiscal year thereafter."

The portions of subsection 376.30781(3), F.S., relevant to this bill state:

"(c) In order to encourage completion of site rehabilitation at contaminated sites that are being voluntarily cleaned up and that are eligible for a tax credit under this section, the tax credit applicant may claim an additional 25 percent of the total site rehabilitation costs, not to exceed \$500,000, in the final year of cleanup as evidenced by the Department of Environmental Protection issuing a 'No Further Action' order for that site.

"(d) In order to encourage the construction of housing that meets the definition of affordable provided in s. 420.0004, an applicant for the tax credit may claim an additional 25 percent of the total site rehabilitation costs that are eligible for tax credits under this section, not to exceed \$500,000. To receive this additional tax credit, the applicant must provide a certification letter from the Florida Housing Finance Corporation, the local housing authority, or other governmental agency that is a party to the use agreement indicating that the construction on the brownfield site has received a certificate of occupancy and the brownfield site has a properly recorded instrument that limits the use of the property to housing. Notwithstanding that only one application may be submitted each year for each site, an application for the additional credit provided for in this paragraph shall be submitted after all requirements to obtain the additional tax credit have been met.

"(e) In order to encourage the redevelopment of a brownfield site, as defined in the brownfield site rehabilitation agreement, that is hindered by the presence of solid waste, as defined in s. 403.703, costs related to solid waste removal may also be claimed under this section. A tax credit applicant, or multiple tax credit applicants working jointly to clean up a single brownfield site, may also claim costs to address the solid waste removal as defined in this paragraph in accordance with department rules. Multiple tax credit applicants shall be granted tax credits in the same proportion as each applicant's contribution to payment of solid waste removal costs. These costs are eligible for a tax credit provided the applicant submits an affidavit stating that, after consultation with appropriate local government officials and the department, to the best of the applicant's knowledge based upon such consultation and available historical records, the brownfield site was never operated as a permitted solid waste disposal area or was never operated for monetary compensation, and the applicant submits all other documentation and certifications required by this section. In this section, where reference is made to 'site rehabilitation,' the department shall instead consider whether the costs claimed are for solid waste removal. Tax credit applications claiming costs pursuant to this paragraph shall not be subject to the calendar-year limitation and January 31 annual application deadline, and the department shall accept a one-time application filed subsequent to the completion by the tax credit applicant of the applicable requirements listed in this subsection. A tax credit applicant may claim 50 percent of the costs for solid waste removal, not to exceed \$500,000, after the applicant has determined solid waste removal is completed for the brownfield site. A solid waste removal tax credit application may be filed only once per brownfield site. For the purposes of this section, the term:

"1. 'Solid waste disposal area' means a landfill, dump, or other area where solid waste has been disposed.

"2. 'Monetary compensation' means the fees that were charged or the assessments that were levied for the disposal of solid waste at a solid waste disposal area.

"3. 'Solid waste removal' means removal of solid waste from the land surface or excavation of solid waste from below the land surface and removal of the solid waste from the brownfield site. The term also includes:

"a. Transportation of solid waste to a licensed or exempt solid waste management facility or to a temporary storage area.

## REVENUE ESTIMATING CONFERENCE

**Tax:** Corporate Income Tax

**Issue:** Brownfields

**Bill Number(s):** HB 1001, section 2

“b. Sorting or screening of solid waste prior to removal from the site.

“c. Deposition of solid waste at a permitted or exempt solid waste management facility, whether the solid waste is disposed of or recycled.”

Subsection 376.30781(9), F.S., sets a May 1 deadline for the Department of Environmental Protection to inform applicants of their eligibility status and credits due. The deadline does not apply to any application deemed deficient by the department under subsection (8), as DEP has 90 days to answer an applicant’s response to their notice of deficiency. When tax credits exceed the amount of tax owed, payment of a refund is not allowed.

### b. Proposed Change:

The bill amends the timing elements of s. 376.30781(3)(c), F.S. Instead of claiming an additional credit for 25 percent of the rehabilitation costs, not to exceed \$500,000, in the final year of cleanup, the applicant may claim that additional credit “if the Department of Environmental Protection has approved the applicant’s annual site rehabilitation applications and has issued ~~in~~ the final year of cleanup as evidenced by the Department of Environmental Protection issuing a ‘No Further Action’ order for that site. The tax credit applicant must submit the claim for the additional 25 percent within 2 years of receipt of the ‘No Further Action’ order for that site.”

The next paragraph (s. 376.30781(3)(d), F.S.) is amended to expand applicant eligibility from affordable housing projects to “projects that include housing that meet ~~meets~~ the definition of affordable provided in s. 420.0004....” The amended paragraph specifies “Projects with mixed uses and projects that include market-rate housing are eligible for the tax credit based on a pro-rata share of the square footage of affordable housing compared to the overall square footage of the mixed-use project or the number of affordable housing units compared to market-rate housing units in a project with only residential uses, provided that the developer agrees to set aside at least 20 percent of the housing units for persons described in s. 420.0004(9), (11), (12), or (17) or s. 159.603(7). To receive this additional tax credit, the applicant must provide a certification letter from the Florida Housing Finance Corporation, the local housing authority, or other governmental agency that is a party to the use agreement indicating that the construction of the affordable housing portion of the project on the brownfield site has received a certificate of occupancy and the brownfield site has a properly recorded instrument that limits the use of the residential portion of the property to housing and specifies the requisite square footage or number of units set aside for affordable housing.”

Changes to paragraph (e) amend the credit requirements for solid waste disposal removal sites. The amended portion reads “These costs are eligible for a tax credit provided the applicant meets the eligibility requirements of s. 376.82(1) and ~~submits an affidavit stating that, after consultation with appropriate local government officials and the department, to the best of the applicant’s knowledge based upon such consultation and available historical records, the brownfield site was never operated as a permitted solid waste disposal area under chapter 62-701, Florida Administrative Code, or the predecessor rules or was never operated for monetary compensation, and the applicant submits all other documentation and certifications required by this section...~~” The definition of “solid waste disposal area” is amended to “a property, group of properties, portion of property or localized area at, upon, or within which solid waste is or was disposed and for which no federal, state, or local permit for such disposal had been obtained at the time of waste disposal cessation of activities.” The definition of “monetary compensation” is deleted and the following subparagraph number is corrected.

DEP’s May 1 deadline in s. 376.30781(9), F.S., is changed to June 1.

The annual tax credit cap remains \$10 million.

### Section 2: Description of Data and Sources

Historical tax credit award data, provided by the Department of Environmental Protection

### Section 3: Methodology (Include Assumptions and Attach Details)

DEP awards Voluntary Cleanup Tax Credits (VCTCs) on a first-come, first-serve basis to eligible applicants. Once the annual allocation of \$10 million in VCTCs has already been awarded, additional applicants are added to the awards backlog.

**REVENUE ESTIMATING CONFERENCE**

**Tax:** Corporate Income Tax

**Issue:** Brownfields

**Bill Number(s):** HB 1001, section 2

The following table, provided by DEP, shows the awarded credits based on calendar year expenses since 2009. Applications for 2019 expenses are due on January 31, 2020.

Tax Credit Awards Based on Calendar Year Expenses		
Year	Tax Credit Award	Number of Applicants
2009	\$5,637,970	55
2010	\$5,326,572	52
2011	\$6,230,166	52
2012	\$6,130,212	68
2013	\$7,495,413	80
2014	\$9,229,751	86
2015	\$11,015,909	99
2016	\$14,356,340	136
2017	\$11,407,898	139
2018	\$15,055,055	135
2019	TBD	TBD

The bill would expand the pool of applicants to developers working on projects where some, but not necessarily all, of the housing units meet the “affordable housing” threshold. As the applicant pool is expected to grow but the available tax credits are still capped at \$10 million, section 2 of this bill is expected to have no impact.

**Section 4: Proposed Fiscal Impact**

## REVENUE ESTIMATING CONFERENCE

**Tax:** Other Taxes and Fees

**Issue:** Free Fishing Days – Add 2 Days

**Bill Number(s):** HB777

**Entire Bill**

**Partial Bill:** Section 2

**Sponsor(s):** Representative Gregory

**Month/Year Impact Begins:** July 1, 2020

**Date of Analysis:** January 13, 2020

### Section 1: Narrative

- a. **Current Law:** The Fish and Wildlife Commission can designate by rule 4 days of consecutive or nonconsecutive free saltwater and freshwater fishing days for both residents and non-residents. For noncommercial purposes, a person can take freshwater fish on a free freshwater fishing day and saltwater fish on a free saltwater fishing day without obtaining or possessing a license or permit.

These days are typically:

#### License-free freshwater days

- First consecutive Saturday and Sunday in April
- Second consecutive Saturday and Sunday in June

#### License-free saltwater days

- First consecutive Saturday and Sunday in June
- First Saturday in September
- Saturday following Thanksgiving

An annual saltwater fishing license costs \$17 for residents and \$47 for non-residents.

An annual freshwater fishing license costs \$17 for residents and \$47 for non-residents.

A 3 day non-resident saltwater or freshwater fishing license costs \$17.

- b. **Proposed Change:** This bill would allow the Commission to designate an additional two days (totaling six) for free saltwater and freshwater fishing by rule.

### Section 2: Description of Data and Sources

<https://myfwc.com/license/recreational/do-i-need-one/free-fishing/>

FWC sales data for FY 2018-19

### Section 3: Methodology (Include Assumptions and Attach Details)

The intent of free fishing days is to “provide an... opportunity for those who don't yet have a fishing license to experience fishing, take youth fishing, or for avid anglers to introduce a friend to fishing without having to purchase a license (FWC website).”

**REVENUE ESTIMATING CONFERENCE**

**Tax:** Other Taxes and Fees

**Issue:** Free Fishing Days – Add 2 Days

**Bill Number(s):** HB777

FWC Sales for 2018-19:

<b>Nonresident</b>	FY 2018-19 Units Sold	Sum of Fiscal Year 2018-2019 Sales	Sales Attributed to Freshwater Fishing	Sales Attributed to Saltwater Fishing
Freshwater Fishing	130,104	\$ 3,977,974	\$ 3,977,974	\$ -
1 year	57,642	\$ 2,622,711	\$ 2,622,711	\$ -
3 day	54,608	\$ 846,424	\$ 846,424	\$ -
7 day	17,854	\$ 508,839	\$ 508,839	\$ -
Saltwater Fishing	521,995	\$ 15,432,471	\$ -	\$ 15,432,471
1 year	200,819	\$ 9,137,265	\$ -	\$ 9,137,265
3 day	219,870	\$ 3,407,985	\$ -	\$ 3,407,985
7 day	101,306	\$ 2,887,221	\$ -	\$ 2,887,221

  

<b>Resident</b>	FY 2018-19 Units Sold	Sum of Fiscal Year 2018-2019 Sales	Sales Attributed to Freshwater Fishing	Sales Attributed to Saltwater Fishing
Freshwater Fishing	202,199	\$ 3,134,069	\$ 3,134,069	\$ -
1 year	202,199	\$ 3,134,069	\$ 3,134,069	\$ -
Freshwater/Saltwater Fishing	194,589	\$ 6,032,259	\$ 3,016,130	\$ 3,016,130
1 year	194,589	\$ 6,032,259	\$ 3,016,130	\$ 3,016,130
Freshwater/Saltwater/Hunting	13,863	\$ 644,630	\$ 214,662	\$ 214,662
1 year	13,863	\$ 644,630	\$ 214,662	\$ 214,662
Hunting & Freshwater Fishing	4,398	\$ 136,338	\$ 68,169	\$ -
1 year	4,398	\$ 136,338	\$ 68,169	\$ -
Saltwater Fishing	424,802	\$ 6,584,431	\$ -	\$ 6,584,431
1 year	424,802	\$ 6,584,431	\$ -	\$ 6,584,431

In order to have a negative impact, the two extra days would encourage someone who would have otherwise purchased a license to only fish on free fishing days. This could occur more frequently for a non-resident who would have purchased a 3 day pass that coincidentally fell on one or both of the two new fishing free days. An indirect positive impact would be the encouragement to purchase an annual pass that wouldn't have otherwise been purchased if not encouraged by fishing on a free day. A negative impact greater than \$50,000 would equal 2,941 3 day non-resident licenses. 274,478 passes were sold in Fiscal Year 2018-19 with four free fishing days. The high presents an indeterminate negative impact while the low is an insignificant negative impact. In the past, FWC has worked with the Governor's office to add additional free days.

## REVENUE ESTIMATING CONFERENCE

**Tax:** Sales and Use Tax

**Issue:** Camping, Fishing and Hunting Sales Tax Holiday

**Bill Number(s):** HB777

**Entire Bill**

**Partial Bill:** Section 4

**Sponsor(s):** Representative Gregory

**Month/Year Impact Begins:** Collections September 2020, Impact October 2020

**Date of Analysis:** January 15, 2020

### Section 1: Narrative

- a. **Current Law:** Sales tax is collected on the purchase of fishing equipment, camping supplies and firearms and ammunition.
- b. **Proposed Change:** Creates a one day sales tax holiday September 5, 2020. Exempts firearms (defined as rifles, shotguns, spearguns, crossbows, and bows), ammunition for firearms, and fishing supplies (defined as rods, reels, bait and fishing tackle), and camping tents. The language excludes supplies used for commercial fishing purposes and this exemption does not apply to sales within theme parks, entertainment complexes, lodging establishments or airports.

If the items comprise less than 5% of dealer's gross sales, the dealer may opt out of providing the tax exemption.

### Section 2: Description of Data and Sources

BLS Consumer Expenditure Data

2017 American Camper Report

US Fish and Wildlife

ASA Fishing

US BATF and NCIS Firearm Data

NSSF Testimony at Assault Weapons FIEC 2019

FWC License Data

### Section 3: Methodology (Include Assumptions and Attach Details)

The Department of Revenue expressed the need for clarity on the definition of ammunition for firearms as Section 790.001 defines ammunition as consisting of:

- A fixed metallic or nonmetallic hull or casing containing a primer.
- One or more projectiles, one or more bullets, or shot.
- Gunpowder.

This definition appears to exclude spears for spearguns, bolts for crossbows and arrows for bows. The impact assumes that the language will be corrected and include these items under ammunition.

For the impact, estimated the annual purchases of:

Rifles

Shotguns

Ammunition

Spearguns, Crossbows and Bows, Spears, Arrows and Bolts

Rods, Reels, Bait and Fishing Tackle

Camping Tents

The last Florida specific survey of Fishing, Hunting and Wildlife-Associated Recreation was published in 2011. Used the 2016 National Expenditures survey for growth rates.

Assumed fishing "tackle" could refer to anything that could be used to catch fish.

To estimate September sales:

- Used Florida specific background checks for long guns for rifle and shotgun purchases.
- Use FWC sales of fishing and archery licenses for fishing gear and bows/crossbows purchases.

**REVENUE ESTIMATING CONFERENCE**

**Tax:** Sales and Use Tax

**Issue:** Camping, Fishing and Hunting Sales Tax Holiday

**Bill Number(s):** HB777

**Section 4: Proposed Fiscal Impact**

	High		Middle		Low	
	Cash	Recurring	Cash	Recurring	Cash	Recurring
2020-21	(\$1.5m)		(\$3.1m)		(\$4.6m)	
2021-22						
2022-23						
2023-24						
2024-25						

**List of affected Trust Funds:** Sales and Use Tax

**Section 5: Consensus Estimate (Adopted: 01/17/2020 – REVISED 01/24/2020):** The Conference adopted an adjusted impact that assumed the proposed September purchases except for fishing gear and spearguns, no impact from opt-out option and the middle for spending behavior (14 days).

## REVENUE ESTIMATING CONFERENCE

**Tax:** Other Taxes and Fees

**Issue:** State Park Fee Waivers and Discounts

**Bill Number(s):** HB853

**Entire Bill**

**Partial Bill:**

**Sponsor(s):** Representative Buchanan

**Month/Year Impact Begins:** 07/01/2020

**Date of Analysis:** January 16, 2020

### Section 1: Narrative

- a. Current Law:** Currently, statute provides for discounts on state park entrance fees and use of certain facilities at state parks. Sales and Use Tax is collected on the fees. The current discounts for state park fees are as follows:
- Section 258.016, F.S. allows Florida residents aged 65 and older, as well as Florida residents with 100 percent disability to receive half (50 percent) off the base fee for camping at Florida State Parks.
  - Section 258.0145, F.S. allows the following discounts for those who present written documentation satisfactory to the Division of State Parks, Department of Environmental Protection, which evidences their eligibility for the discounts:
    - Active duty members and honorably discharged veterans of the United States Armed Forces, National Guard, or Reserve shall receive a 25% discount on annual entrance passes.
    - Honorably discharged veterans who have service-connected disabilities shall receive lifetime family annual entrance passes at no charge.
    - Surviving spouses and parents of deceased members of the United States Armed Forces, National Guard, or Reserve who have fallen in combat shall receive lifetime family annual entrance passes at no charge.
    - The surviving spouse and parents of a law enforcement officer, as defined in s. 943.10(1), or a firefighter, as defined in s. 633.102, who has died in the line of duty shall receive lifetime family annual entrance passes at no charge.
    - Families operating a licensed family foster home under s. 409.175, F.S., are eligible to receive family annual entrance passes at no charge and a 50% discount on base campsite fees at state parks.
    - At the time of adoption, adoptive families who adopt a special needs child within the Florida welfare system as defined in s. 409.166(2)(a), F.S., will receive a one-time free family annual entrance pass.
- b. Proposed Change:** The proposed bill (HB 853) will expand s. 258.0142 F.S. to also allow for free annual entrance passes and a 50 percent discount on base campsite fees to:
- Persons, corporations, or agencies operating a group home that is licensed as a residential child-caring agency under s. 409.175, and
  - Relatives and nonrelatives who provide children with out-of-home care pursuant to s. 39.523.

### Section 2: Description of Data and Sources

Florida Department of Environmental Protection Data

Florida Department of Children and Families Data

### Section 3: Methodology (Include Assumptions and Attach Details)

Since the implementation (7/1/17) of the foster family and adoptive family discounts (mentioned above), the Division of Recreation and Parks has distributed approximately:

-745 free Family Annual Passes to Foster Families, valued at \$120 each = \$89,400

-214 free Family Annual Passes to Adoptive Families, valued at \$120 each = \$25,680

-Camping discounts to Foster Families totaling \$32,996

According to the Social Services Estimating Conference and the Department of Children and Families, as of November 30, 2019 there are approximately 9,446 children placed with relative caregivers, 3,036 children placed with nonrelative caregivers with, and 1,826 children in 276 active group homes in Florida. This totals approximately 14,308 children in group homes and out-of-home care providers with that should be eligible for the free annual entrance passes and 50 percent discount on base campsite fees. As a comparison, there are 7,388 children in foster homes as of November 2019.
