## **FISCAL ANALYSIS IN BRIEF**

### **For Fiscal Year 2011-12**

The Fiscal Analysis in Brief is an annual report prepared by the Florida Legislature to summarize fiscal and budgetary information affecting the 2011-12 fiscal year.

The document contains graphical depictions and detailed listings of appropriations, fund sources, nonrecurring issues, vetoed items, financial outlooks, and legislation affecting revenues.

It also includes the Truth in Bonding Statement used to support the General Appropriations Act. The document reflects appropriated funds only and does not include local revenue for educational entities such as local property tax revenues and student fees.

Various sources were used to prepare this document. Among the most important were data from the Legislative Appropriations System/Planning and Budgeting Subsystem (LAS/PBS), multiple consensus estimating conferences, the General Appropriations Act and other fiscal-related legislation, the Governor's Veto Message, and explanatory information used during the appropriations process.

FOOTNOTES

(A) The cash balance in the Budget Stabilization Fund (not shown here) at the time of this statement was \$279.1 million. This balance does not include the transfer indicated in footnote (B), which will bring the total to \$493.6 million in 2011-12. This figure also does not include the full repayment of hurricane-related budget amendments transferring funds to the Casualty Insurance Risk Management TF (EOG #2004-0483 for \$11.0 million and EOG #2005-0205 for \$11.8 million). At the time of this statement \$2.2 million remains to be repaid.

(B) The amount of \$1,072.4 million was transferred out of the Budget Stabilization Fund to the General Revenue Fund in FY 2008-09. Section 215.32(3) F.S. stipulates that repayments to the fund are appropriated in five equal installments beginning in the third year following the year in which the expenditure was made, unless otherwise established by law. Per the aforementioned statute, the first repayment was appropriated for 2011-12, and four additional repayments in the amount of \$214.5 million will be required for FY 2012-13 through FY 2015-16.

(C) This financial statement is based on current law as it is currently administered. It does not include the potential effect of any legal actions which might affect revenues or appropriations. The Attorney General periodically issues an update on any such litigation. In addition, it does not recognize any deficits in any spending programs unless specifically stated.

\* Appropriation was passed as a FY 2010-11 appropriation, but had a conflicting effective date of July 1, 2011. Given the technical impossibility of appropriating funds for a prior fiscal year, Statutory Revision has prepared a footnote explaining that the apparent intent of the Legislature was to appropriate the funds for FY 2011-12.
