## LARRY CRETUL Speaker

## THE FLORIDA LEGISLATURE

## OFFICE OF ECONOMIC AND DEMOGRAPHIC RESEARCH

February 3, 2010

To: County Official

In preparation for the 2010 legislative session, the Legislature's Office of Economic and Demographic Research is collecting data on the use of cameras for the enforcement of red light violations throughout the state. These data will be used to assist with analyzing and developing revenue impact analyses of any proposed legislation.

In order to prepare the best possible estimate of the impacts of proposed legislation on state and local revenues, it is important that the Legislature use reliable data. As a local government official with first-hand knowledge of and access to this data, you are a very important part of this process. Please take a few minutes to complete the attached survey and return it to us by the close of business Friday, February 19, 2010.

If there is not enough room for your responses, please identify the question and respond on additional page(s). Please return it via fax to: 850.922.6436 or via email to: burnside.skip@leg.state.fl.us. If you have any questions please contact us at: 850.487.1402.

Thank you for completing the survey.

Sincerely,

Amy J. Baker Coordinator

Army J. Baher

## Use of Cameras for the Enforcement of Red Light Violations Survey Questionnaire

In preparation for the 2010 legislative session, the Florida Legislature is collecting data on the use of cameras for the enforcement of red light violations throughout the state. These data will be used to assist with analyzing and developing revenue impact analyses of any proposed legislation. Please take a few minutes to complete this survey and return it to us by February 19, 2010.

Title:		Person Completing Survey Name:							
1. Please indicate the current status of an ordinance for the use of cameras for the enforcement of red light violations for your jurisdiction:    a. Ordinance has been adopted   b. Ordinance is currently being considered   c. Ordinance is currently being drafted for future consideration   d. None of the above   a. If you answered "d" in question 1, please indicate if the issue: (select all that apply)   a. Is being evaluated   b. Was evaluated   d. Is likely to be considered within the next 18 months   e. Is unlikely to be considered within the next 18 months   f. Other (please specify):  If you selected (a) in Question 1 above (ordinance has been adopted), please continue.  Otherwise, please STOP and return this form. Thank you.  2. What types of red light violations will be enforced through the use of cameras in your jurisdiction? (select all that appl   a. The running of red lights   b. Turns on red light without a complete stop (e.g. right-on-red without a complete stop)   d. Other (please specify)    3. How many approaches have cameras for the enforcement of red light violations in your jurisdiction?  4. In the next 18 months, at how many approaches will your jurisdiction add cameras for the enforcement of red light violations?  5. What was the date that your jurisdiction began issuing payable violations based on the use of cameras for the enforcement of red light violations?  6. Please indicate the type of civil fine structure and the amount charged for each violation. (select only one)   a. Fixed amount: s   b. Tiered amount: (please specify)   c. Other (please explain and provide fee structure):   b. No		Title: Phone Number:							
your jurisdiction:    a. Ordinance has been adopted     b. Ordinance is currently being considered     c. Ordinance is currently being drafted for future consideration     d.
