Education Estimating Conference on Student Financial Aid EXECUTIVE SUMMARY November 8, 2013

The Student Financial Aid (SFA) Estimating Conference met on November 8, 2013, to adopt updated student financial aid program estimates for FY 2013-14 and FY 2014-15.

For the Florida Bright Futures Scholarship Program, the FY 2013-14 consensus estimate for total awards is 153,460—an increase of 1,296 awards (0.9%) from the March 2013 estimate of 152,164 awards. The FY 2014-15 consensus estimate for total awards is 127,316—a decrease of -6,166 awards (-4.6%) from the previous forecast of 133,482 awards.

FY 2013-14 is the second year of the implementation of increased test score requirements for students to qualify for Bright Futures Scholarships. Scores increase again in FY 2014-15 and remain level thereafter. Additional details can be found on the *Bright Futures Consensus Estimate Summary*.

Estimates of student counts for FY 2013-14 and FY 2014-15 were also adopted for the William L. Boyd, IV, Florida Resident Access Grant (FRAG) program, the Access to Better Learning and Education (ABLE) program, the various Florida Student Assistance Grant (FSAG) programs, and the Children and Spouses of Deceased or Disabled Veterans (CSDDV) program. The adopted student counts are shown on the *Consensus Programs Summary*. All student count estimates were adopted as presented by the Office of Student Financial Assistance (OSFA). For the FRAG program, the Conference adopted the Legislative Budget Request (LBR) student count as recommended by OSFA. More details for each program can be found in the handouts provided by OSFA.

Across all programs, the Conference anticipates 356,320 awards in FY 2013-14 and 330,203 awards in FY 2014-15.

CONSENSUS PROGRAMS SUMMARY - STUDENT FINANCIAL AID PROGRAMS NOVEMBER 8, 2013 CONFERENCE

*The FY 2013-14 General Appropriations Act (ch. 2013-40, L.O.F.) includes an increase to the per credit hour award amounts and provides a total appropriation of \$309.4 million.

Conference principals were also provided with a summary of National Average Tuition and Fees Compared to Florida Tuition and Fees for review with updates from the October 2013 College Board publication, "Trends in College Pricing." The report was accepted as presented.

** Used \$47 for all GSV awards at Colleges since most are in technical degree education programs. Used \$61 for all FAS/FMS awards at Colleges which assumes all are in associate programs. Used \$61 which is the College LOWER award cost for all College UPPER awards, since the number of UPPER awardees is extremely low at this estimate time.

Observations:

- 1. FMS: Fewer SUS renewing for a Fifth and Sixth time (i.e., numbers finishing in 4 years increases as scores increase).
- 2. FMS: Students moving from 2YR to 4YR decreases as scores increase.
- 3. FMS & FAS: First Year Renewal rate at 4-year institutions increases as scores increase.
- 4. Fewer students entering Florida College System as BF recipients as scores increase.

(FY 12-13 81.1% in SUS; by 16-17 88.6% of BF recipients will be in SUS.)

(1) The law changed in 2009-10 for Bright Futures to receive flat awards which also applied to CSDDV.

(2) The law changed in 2010-11 for CSDDV students to receive full tuition and fees, including tuition differential at SUS.

(3) The \$200,000 expenditure is a one time occurrence and is not included in the 2014-15 estimate.

(4) The average award is based on a 2.2% rate of inflation (per 12 month percentage change in the Consumer Price Index per EDR.)

DON GAETZ President

THE FLORIDA LEGISLATURE

WILL WEATHERFORD Speaker

OFFICE OF ECONOMIC AND DEMOGRAPHIC RESEARCH

January 22, 2014

The Honorable Don Gaetz, President Florida Senate 409 The Capitol Tallahassee, FL 32399-1100

Dear President Gaetz,

Sections 1009.22(3)(d), 1009.23(3)(c), and 1009.24(4)(b), F.S., require the Office of Economic and Demographic Research to:

...report the rate of inflation to the President of the Senate, the Speaker of the House of Representatives, the Governor, the State Board of Education, and the Board of Governors each year prior to March 1.

The calculated rate of inflation provides the default rate of increase for tuition and out-of-state fees, unless otherwise provided in the General Appropriations Act. This default rate applies to institutions within the State University System, the Florida College System, and workforce education programs that are reported for funding. The rate of inflation is defined as:

...the rate of the 12-month percentage change in the Consumer Price Index for All Urban Consumers, U.S. City Average, All Items, or successor reports as reported by the United States Department of Labor, Bureau of Labor Statistics, or its successor for December of the previous year.

According to the United States Department of Labor, Bureau of Labor Statistics, in its release dated Thursday, January 16, 2014, the December 2013 Consumer Price Index for All Urban Consumers was 233.049 (1982-84=100). The December 2013 index was 1.5 percent higher than the index for December 2012.

Consequently, the rate of inflation for FY 2014-15 budgeting purposes is 1.5 percent.

Projections for future years are attached. These projections are based on the National Economic Estimating Conference held on November 12, 2013.

If you have any questions, please contact me.

Sincerely,

Amy J. Baher

Amy J. Baker Coordinator

(1) The historical CPI index level is obtained from the U.S. Department of Labor, Bureau of Labor Statistics for the month of December for each year shown (http://www.bls.gov/cpi/tables.htm).

(2) The Forecast is based on quarterly index consensus estimates (for each year of the forecast period) from the November 12, 2013 National Economic Estimating Conference (NEEC).

(3) The Forecast December Index uses an average of Oct-Dec (Quarter 4 of Forecast Year) and Jan-Mar (Quarter 1 of the next year) from the NEEC quarterly estimates to calculate a comparable December index for each Forecast Year.

DON GAETZ President

THE FLORIDA LEGISLATURE

WILL WEATHERFORD Speaker

OFFICE OF ECONOMIC AND DEMOGRAPHIC RESEARCH

January 22, 2014

The Honorable Will Weatherford, Speaker Florida House of Representatives 420 The Capitol Tallahassee, FL 32399-1300

Dear Speaker Weatherford,

Sections 1009.22(3)(d), 1009.23(3)(c), and 1009.24(4)(b), F.S., require the Office of Economic and Demographic Research to:

...report the rate of inflation to the President of the Senate, the Speaker of the House of Representatives, the Governor, the State Board of Education, and the Board of Governors each year prior to March 1.

The calculated rate of inflation provides the default rate of increase for tuition and out-of-state fees, unless otherwise provided in the General Appropriations Act. This default rate applies to institutions within the State University System, the Florida College System, and workforce education programs that are reported for funding. The rate of inflation is defined as:

...the rate of the 12-month percentage change in the Consumer Price Index for All Urban Consumers, U.S. City Average, All Items, or successor reports as reported by the United States Department of Labor, Bureau of Labor Statistics, or its successor for December of the previous year.

According to the United States Department of Labor, Bureau of Labor Statistics, in its release dated Thursday, January 16, 2014, the December 2013 Consumer Price Index for All Urban Consumers was 233.049 (1982-84=100). The December 2013 index was 1.5 percent higher than the index for December 2012.

Consequently, the rate of inflation for FY 2014-15 budgeting purposes is 1.5 percent.

Projections for future years are attached. These projections are based on the National Economic Estimating Conference held on November 12, 2013.

If you have any questions, please contact me.

Sincerely,

(Img J. Baher
