

**LONG-TERM
MEDICAID SERVICES
AND
EXPENDITURES FORECAST**

FY 2025-26 through FY 2030-31

SOCIAL SERVICES
ESTIMATING CONFERENCE
OF
December 22, 2025
Revised Per-Conference

NOTES:--No adjustments have been included in the forecast to reduce the DSH funding allocated to Florida because it is unknown how the Legislature will respond to the loss of these federal funds. Florida has also implemented other federal matching programs that may offset DSH losses, including the Directed Payment Program (DPP) and the Indirect Medical Education (IME) Program. Under current law, the Medicaid DSH reductions are scheduled to occur over three years--from Federal Fiscal Year 2026 through Federal Fiscal Year 2028--with the start date currently scheduled for October 1, 2025. The aggregate reductions to the Medicaid DSH allotments nationwide equal \$8.0 billion for each 12-month period, of which Florida's share would be \$118.6 million.

SOCIAL SERVICES ESTIMATING CONFERENCE OF DECEMBER 22, 2025

Terminology	
Eligible Population	Average monthly number of enrolled Medicaid individuals qualified to receive the specified services
Utilization Rate	Average monthly percentage of the eligible population that utilized the specified services
Services/Month	Average monthly number of times the specified services were rendered to individuals in the eligible population
Unit Cost	Average cost per service provided
Cost per Eligible	Average cost per month per individual in the eligible population
Total Cost	Total cost of providing the specified services to the eligible population in the given state fiscal year
