

FINANCIAL IMPACT ESTIMATING CONFERENCE

FINANCIAL IMPACT STATEMENT

INDEPENDENT NONPARTISAN COMMISSION TO APPORTION LEGISLATIVE AND CONGRESSIONAL DISTRICTS WHICH REPLACES APPORTIONMENT BY LEGISLATURE, #05-14

As a result of the adoption of this amendment, the state fiscal savings are estimated to range from zero to \$6.7 million for each ten-year redistricting cycle. The costs of the commission and associated staff, data, technology, and legal expenses are estimated to be \$6.7 million to \$13.4 million, which probably will be offset by savings to the Legislature of \$13.4 million (based on expenditures of the last two redistricting cycles).
