

Salaries of Elected County Constitutional Officers and School District Officials Pursuant to the Salary Formula in Chapter 145, Florida Statutes
Notes Applicable to the Salary Figures Presented in the County Tables

- 1) These salary figures may not have been applicable to those elected officers of a chartered consolidated government or those elected officers in counties having a home rule charter where the charter specified another method of salary compensation.
- 2) Pursuant to Chapter 92-326, L.O.F., elected school officials' salaries for FY 1992-93 were frozen at FY 1991-92 levels. Due to ambiguity in the language of Chapter 93-146, L.O.F., pertaining to the calculation of elected district school officials' salaries, the FY 1993-94 salaries were not calculated.
- 3) Chapter 2002-387, L.O.F., repealed certain provisions in Chapters 145 & 230, F.S., related to the salary calculations of elected school district officials. The legislation authorized district school boards to annually determine the salary of its members; therefore, the calculation of school board members' salaries was discontinued. Additionally, the legislation repealed certain salary provisions for elected school superintendents, and due to that change, their FY 2003-04 salaries could not be calculated. Chapter 2004-41, L.O.F., reinstated statutory language pertaining to the salary computation for elected school superintendents that existed in law prior to the 2002 repeal. Chapter 2007-234, L.O.F., reinstated statutory language pertaining to the salary computation for school board members that existed in law prior to the 2002 repeal.
- 4) Chapter 2009-3, L.O.F., amended s. 1001.395, F.S., to permit a school board member to reduce his or her salary rate on a voluntary basis. The salaries of school board members in FY 2009-10, and each year thereafter, reflect the amounts based on the statutory formula calculations only and do not include any voluntary reductions.
- 5) Chapter 2009-59, L.O.F., amended s. 1001.395, F.S., to provide that the salary of each school board member for FY 2009-10 was to be the amount calculated pursuant to the statutory formula or the district's beginning salary for teachers who held baccalaureate degrees, whichever was less. The FY 2009-10 salary figures reflect the amounts calculated by statutory formula only. Individual school districts were responsible for determining the lesser salary figure and applying that figure as the school board member's salary for FY 2009-10.
- 6) Chapter 2009-59, L.O.F., amended s. 1001.47, F.S., to provide that notwithstanding the provisions of s. 1001.47 and s. 145.19, F.S., the FY 2009-10 salary of each elected school superintendent was to be reduced by 2 percent. The FY 2009-10 school superintendent salary figures reflect only the 2 percent reduction to FY 2008-09 formula-based salaries calculated pursuant to s. 1001.47(2)-(3), F.S. Individual school districts were responsible for determining the 2 percent reduction amounts applicable to any district school board-approved salary pursuant to s. 1001.47(1), F.S.; any special qualification salary pursuant to s. 1001.47(4), F.S.; and any performance salary incentive pursuant to s. 1001.47(5), F.S., paid to elected school superintendents in FY 2008-09. Additionally, the legislation permitted an elected school superintendent to reduce his or her salary rate on a voluntary basis. The elected school superintendents' salaries do not include any voluntary reductions.
- 7) Chapter 2010-154, L.O.F., amended s. 1001.395, F.S., to provide that the FY 2010-11 salary of each school board member was to be the amount calculated pursuant to the statutory formula or the district's beginning salary for teachers who held baccalaureate degrees, whichever was less. The FY 2010-11 salary figures reflect the amounts calculated by statutory formula only. Individual school districts were responsible for determining the lesser salary figure and applying that figure as the school board member's salary for FY 2010-11.
- 8) Chapter 2011-158, L.O.F., provided that notwithstanding the provisions of Chapter 145, F.S., each county commissioner, clerk of circuit court, county comptroller, sheriff, supervisor of elections, property appraiser, and tax collector was authorized to reduce his or her salary rate on a voluntary basis. The salaries listed for FY 2011-12, and each year thereafter, reflect the amounts pursuant to the statutory formula calculations only and do not include any voluntary reductions.
- 9) Chapter 2016-157, L.O.F., amended s. 145.09(1), F.S., to make the base salaries and group rates used to calculate a supervisor of election's salary the same as the current base salaries and group rates used to calculate the salaries of clerks of circuit court, county comptroller, property appraisers, and tax collectors.
- 10) Chapter 2018-5, L.O.F., amended s. 1001.395(3), F.S., to provide that the salary of each elected school board member shall be the amount calculated pursuant to s. 1001.395(1), F.S., or the district's beginning salary for teachers who hold a baccalaureate degree, whichever is less. Additionally, the legislation amended s. 1011.10, F.S., to provide that if any of the financial emergency conditions identified in s. 218.503(1), F.S., exist within a school district, then the salary of each district school board member and district school superintendent, calculated pursuant to ss. 1001.395 and 1001.47, F.S., shall be withheld until the conditions are corrected. However, this penalty will not apply to a district school board member or district school superintendent elected or appointed within one year after the identification of the financial emergency conditions in s. 218.503(1), F.S., if he or she did not participate in the approval or preparation of the final school district budget adopted before the identification of such conditions.
- 11) Chapter 2022-23, L.O.F., amended s. 145.071, F.S., to increase the base salaries of county sheriffs by \$5,000 across all population groups, effective July 1, 2022. When the \$5,000 base salary increase was multiplied through the Chapter 145, F.S., salary computation formula, the FY 2021-22 annual salaries of each county sheriff increased by \$23,595. However, this salary increase was only effective for the period of July 1, 2022 through September 30, 2022 since FY 2022-23 annual salaries became effective October 1, 2022.
- 12) Chapters 2024-86 and 2024-90, L.O.F., amended ss. 145.071 and 145.11, F.S., to increase the base salaries of county sheriffs and county tax collectors, respectively, by \$5,000 across all population groups, effective July 1, 2024. When the \$5,000 base salary increase was multiplied through the Chapter 145, F.S., salary computation formula, the FY 2023-24 annual salaries of each county sheriff and tax collector increased by \$26,703. However, this salary increase was only effective for the period of July 1, 2024 through September 30, 2024, since FY 2024-25 annual salaries became effective October 1, 2024.
- 13) Chapter 2024-90, L.O.F., amended s. 1001.47, F.S., to increase the base salaries of district school superintendents by \$5,000 across all population groups, effective July 1, 2024. Since Florida's school districts operate on the July 1st to June 30th state fiscal year, the FY 2024-25 annual salaries, which could not be calculated until October 2024, were retroactive to July 1, 2024.

Salaries of Elected County Constitutional Officers and School District Officials Pursuant to the Salary Formula in Chapter 145, Florida Statutes
Franklin County: Fiscal Years 1985-86 to 2024-25
