

Revenue Estimating Conference
Article V Fees & Transfers
Executive Summary
August 7, 2019

Revenue collections for Article V Fees and Transfers during the 2018-19 fiscal year came in slightly above the estimates adopted by the Revenue Estimating Conference held on February 13, 2019. County Court was a combined 2.1% above estimate; Circuit Court Other was 1.8% above estimate; Family Court was 1.4% above estimate; and Traffic Court was 2.6% above the estimate. Foreclosure Filings are treated separately and were 5.9% above the activity level forecasted by the prior conference, likely due to delayed activity from Hurricanes Irma and Michael returning more quickly than anticipated.

Adopted August 7, 2019, the new forecast for Article V Fees and Transfers was revised upward relative to the previous forecast adopted February 13, 2019. The revised estimates reflect actual revenue collections for the 2018-19 fiscal year and adjustments made for changes enacted during the 2019 Legislative Session which have now been embedded in the old and new forecasts. These legislative changes include:

1. The forecast for Traffic Court: Other was reduced due to the elimination on January 1, 2020, of a distribution of traffic fines previously made to the State Courts Revenue Trust Fund. This amount will instead be deployed as a fine reduction for those who elect to attend driver improvement school.
2. Effective January 1, 2020, the county court jurisdictional threshold will be increased from \$15,000 to \$30,000. Effective January 1, 2023, the county court jurisdictional threshold will be increased from \$30,000 to \$50,000. As the jurisdictional limit for these cases changes, the filing fees move from circuit court to county court. Thus, two new categories were created within the County Court group: Claims Above \$15,000 and Foreclosure. Revenue associated with the civil filing fees for cases moving from Circuit Court to County Court was subtracted from the Base Fee Other, Additional Fee, Foreclosure Base Fee, and Foreclosure Variable Fee categories within Circuit Court and added to Claims Above \$15,000, Foreclosure, and Additional Fees within County Court.
3. The bill that changed the jurisdictional threshold also directed that for cases which change jurisdiction, the district courts retain jurisdiction over appeals; however, that language will be repealed January 1, 2023. Therefore, beginning FY 2022-23, appellate filing fees associated with cases changing jurisdiction is shifted from the Appeals to SC and DCA category to the Other 142.01(2) category within the Clerks of Court.
4. Chapter 2008-111 L.O.F., as passed by the 2008 Legislature, provided for updating many fees and service charges assessed by the Clerk of Courts. HB 337 revised numerous statutes referencing the fines, fees, and charges increased by Ch. 2008-111 L.O.F. to specify that those fees are to be deposited into the General Revenue Fund. These changes were remedial and clarifying in nature and applied retroactively to July 1, 2008. Therefore, the Chapter 2008-111 Fees forecast assumes that there will be no amounts retained by any county effective July 1, 2019. A correction to General Revenue will still be made in January of 2020 for retained amounts from October 2018 through June 2019.
5. For FY 2019-20 only, there was a fee shift from the Public Defenders Revenue Trust Fund to the Indigent Criminal Defense Trust Fund.

Actual FY 2018-19 revenue performance was used to adjust the forecast base. As a result, the forecast did not change for three revenue categories: Family Court Marriage Dissolution, Appeals to SC and DCA, and Counterclaim. Projected collections for County Court Removal of Tenant; Traffic Court Civil Penalties and Other; Circuit Court Family Base Fee, Other Probate, Foreclosure Base Fee and Variable Fee; Mediation/Marriage License/Other; and the Clerks of Court Other 142.01(2), 10% of Fines per 28.37, and Chapter 2008-111 fees were increased throughout their forecasts. There were no revenue categories which were reduced throughout the forecast. The Claims \$2,500 to \$15,000, Claims Above \$15,000, Foreclosure in

the County Court, and Additional Fee in the County Court, as well as Circuit Court Base Fee and Additional Fee categories had mixed adjustments to their respective forecasts. The categories related to Foreclosure are also discussed separately below.

In this regard, the final level of foreclosure filings in the last two years has been affected by both temporary court office closings and various private and public mortgage assistance programs available to homeowners who were in the path of the hurricanes. While much of the activity that was delayed as a result of Hurricanes Irma and Michael was restored during FY 2018-19, not all of it has worked its way through. The Conference expects additional activity during FY 2019-20 to account for the remaining catch-up of these delayed filings. Further, it appears that foreclosure activity is nearing the end of the abnormal speed-up in foreclosure activity caused by the collapse of the housing market and the recession beginning in 2007. Thus, the new forecast of foreclosure filings shows the beginning of the slow return to more typical levels starting in FY 2020-21. The following table shows the changes to forecasted filings:

Foreclosure Filings	February 2019 REC	August 2019 REC	Difference
2019-20	42,327	46,656	4,329
2020-21	40,854	49,900	9,046
2021-22	39,192	50,401	11,209
2022-23	38,291	50,901	12,610
2023-24	38,637	51,401	12,764
2024-25	--	51,901	--

The Conference also discussed several issues involving the clerks of court. Pursuant to s. 28.37(3), F.S., the cumulative surplus of all fines, fees and charges in excess of \$10 million is to be transferred to General Revenue no later than February 1, 2020. The forecasted amount of these funds is \$7.3 million. Added to this amount is \$3.0 million from the 2008-111 fees that were retained by Hillsborough, Lee and Santa Rosa Counties from October 2018 through June 2019.

Cumulatively, the Article V revisions result in positive changes to the overall forecast, with all years showing increases to the forecasts. The impact on specific funds, however, varies in both size and direction. For the major funds, the new forecast results in the following near-term changes:

- Direct receipts to the General Revenue Fund were increased by \$4.9 million in FY 2019-20 and by \$8.1 million in FY 2020-21. In addition to the direct receipts, the General Revenue Fund is expected to receive a net transfer of \$10.3 million in FY 2019-20 rather than the prior projection of \$3.1 million. Altogether, the combined change over the February forecast (as adjusted for Legislative changes) is an increase of \$12.1 million in FY 2019-20 and \$8.1 million in FY 2020-21.
- The State Courts Revenue Trust Fund was increased by \$3.1 million in FY 2019-20 and by \$2.9 million in FY 2020-21.
- The Clerks of Court Trust Fund was unchanged in both FY 2019-20 and FY 2020-21.
- The Clerks' Fine and Forfeiture Funds was increased by \$14.1 million in FY 2019-20 and by \$13.1 million in FY 2020-21.
