

CS/HB 1313 – Digital Driver Licenses and Identification Cards

This bill amends s. 322.032, F.S., expanding the pool of potential offenders under the current Level 1, 3rd degree felony. The violation now states (new language in bold): “a person who....manufactures a false digital proof of driver license **or identification card...**”

Per DOC, there were no new commitments to prison in either FY 18-19 or FY 19-20.

CONFERENCE ADOPTED ESTIMATE: Positive Insignificant

(Wording is identical to the version originally reviewed by the Conference)
