

EXECUTIVE SUMMARY
Revenue Estimating Conference for the General Revenue Fund
Revisions to the Forecast
February 23, 2018

Following a declaration from the Internal Revenue Service after Hurricane Irma, the Florida Department of Revenue extended the due dates for affected Corporate Income Tax filers. Consequently, eligible taxpayers with returns having original or extended due dates between September 4, 2017, and January 31, 2018, had until February 15, 2018, to file their returns. At the Revenue Estimating Conference for the General Revenue Fund held on February 9, 2018, the Conference assumed \$121.3 million of these catch-up payments would come in shortly thereafter.

While the data for February is still preliminary, it appears that only a small fraction of the expected total was actually received. This has prompted the Conference to reassess the entire underlying forecast for the Corporate Income Tax. As a result, atypical nonrecurring activity in FY 2016-17 has been discovered that implies a lower collection baseline than previously understood. Had the Conference been aware of this at prior meetings, it could have substantially affected the forecast assumptions.

The Conference reconvened on February 23, 2018, to address both the shortfall and the changed expectations. The new estimates incorporate an adjustment to address the information previously unknown to the Conference, the results of the National and Florida Economic Conferences held in January, and the actual collection experience through December 2017.

Overall, anticipated Corporate Income Tax revenues were revised downward by \$94.3 million in FY 2017-18 and by \$73.1 million in FY 2018-19, for a two-year total reduction in General Revenue of \$167.4 million. Because the previously adopted forecast for all other revenue sources was untouched by today's actions, the overall \$461.8 million two-year increase adopted on February 9th has been reduced to \$294.4 million.

EXECUTIVE SUMMARY

Revenue Estimating Conference for the General Revenue Fund

February 9, 2018

From the last Conference through December 2017, year-to-date collections for FY 2017-18 have fallen below the estimate by \$132.2 million or just below one percent. This result is primarily due to the economic and revenue disruptions caused by Hurricane Irma. Based on the slightly weaker near-term National and Florida economic forecasts, the new forecast for overall General Revenue would have essentially matched the old forecast; however, an anticipated change to the Indian Gaming revenue sharing payment methodology and the incorporation of additional sales tax collections associated with hurricane-related rebuilding resulted in a combined positive adjustment that explains 75.7 percent of the change in the estimate over the first two years. Overall, anticipated revenues were revised upward by \$181.3 million in FY 2017-18 and by \$280.5 million in FY 2018-19, for a two-year total of \$461.8 million.

The revised FY 2017-18 estimate exceeds the prior year's collections by \$1.51 billion (or 5.1 percent). The revised forecast for FY 2018-19 has projected growth of \$1.37 billion (or 4.4 percent) over the revised FY 2017-18 estimate. The growth rate for FY 2019-20 was decreased from 4.0 percent to 3.3 percent as the rebuilding boost from Irma reaches completion. For FY 2020-21, it was decreased from 3.7 percent to 3.6 percent.

Most of the changes to the individual revenue sources were minor, with positives and negatives across the sources essentially offsetting each other in the later years of the forecast. However, several major issues that are largely nonrecurring in nature have altered the near-term forecast. The most significant adjustment and an important assumption are discussed below:

- **Sales Tax...** Hurricane Irma suppressed collections during the initial emergency in September, while boosting collections in the recovery months as rebuilding began in earnest. The annual estimates were increased by a total of \$188.6 million in FY 2017-18 (of which \$125.1 or 66.3 percent was recovery-related) and \$170.8 million in FY 2018-19 (of which \$117.8 million or 69.0 percent was recovery-related). All of the recovery-related dollars are nonrecurring.
- **Corporate Income Tax and Refunds...** Following a declaration from the Internal Revenue Service, the Florida Department of Revenue extended the due dates for Corporate Income Tax filers impacted by Hurricane Irma. Eligible taxpayers with returns having original or extended due dates between September 4, 2017, and January 31, 2018, have until February 15, 2018, to file returns. Through December, Corporate Income Tax receipts were down \$112.6 million. The Conference assumed that this entire amount (plus any loss associated with January) will be recouped by the end of February.

Several of the revisions to the forecast (for example, Tobacco Taxes, Article V Fees & Transfers, and Highway Safety Licenses & Fees) are the results of earlier conferences. Most importantly, the Revenue Estimating Conference for Indian Gaming made significant changes that increased the forecast each year. Some of the increase was due to higher net win growth, and the remainder was related to an assumed structural change in the revenue sharing payment methodology. In regard to payment structure, the forecast assumes that the Tribe will change its revenue sharing payment methodology beginning in FY 2018-19 to make the payment for each month equal to one-twelfth of the projected annual total for the year. This has the practical effect of eliminating from the forecast the large annual true-ups traditionally made in August after the end of each year while proportionally increasing each of the twelve monthly payments during the year, effectively making this a payment speed-up. Additional information regarding the estimates for sources adopted at prior conferences can be found on the Legislative Office of Economic and Demographic Research's website: <http://edr.state.fl.us/Content/conferences/index.cfm>.

THE FLORIDA LEGISLATURE

OFFICE OF ECONOMIC AND DEMOGRAPHIC RESEARCH

JOE NEGRON
President of the Senate

RICHARD CORCORAN
*Speaker of the House of
Representatives*

July 19, 2017

The Honorable Jimmy Patronis
Chief Financial Officer
Plaza Level 11, The Capitol
Tallahassee, FL 32399

Dear CFO Patronis,

Section 409.915(8), F.S., requires the Chief Financial Officer to transfer a portion of medical hospital fees from the General Revenue Fund to the Lawton Chiles Endowment Fund beginning in the 2013-14 fiscal year. Specifically, the statute requires the Office of Economic and Demographic Research to certify the amount to be transferred to the Chief Financial Officer by July 20 of each year.

The statute provides for the calculation of the transfer amount as follows:

... an amount equal to the amounts transferred to the General Revenue Fund in the previous fiscal year ... reduced by the amount of refunds paid ... which are in excess of the official estimate for medical hospital fees for such previous fiscal year adopted by the Revenue Estimating Conference on January 12, 2012, as reflected in the conference's workpapers.

The total amount of medical hospital fees transferred to the General Revenue Fund in FY 2016-17 was \$301.5 million, compared to the January 12, 2012, estimate for FY 2016-17 of \$332.3 million.

Consequently, no transfer to the Lawton Chiles Endowment Fund is required for FY 2017-18. Projections for future years are attached. These projections are based on the March 17, 2017, General Revenue Estimating Conference.

If you have any questions, please contact me.

Sincerely,

Amy J. Baker
Coordinator

Revenue Estimating Conference
Tax Collection Enforcement Diversion Program
February 14, 2018
Executive Summary

The Revenue Estimating Conference convened on February 14, 2018 to adopt a forecast of revenues collected from the Tax Collection Enforcement Diversion program.

Background

The Tax Collection Enforcement Diversion program, which collects revenue due from persons who have not remitted their sales tax collections, began as a pilot program in 2002 and was fully implemented in 2005. The program is operated by State Attorney's Offices in cooperation with the Department of Revenue (DOR). To be eligible for the program, tax payers must meet certain requirements. They must show a pattern of delinquency for several months and the delinquency cannot exceed the misdemeanor level. Seven State Attorney's Offices currently participate in the program: Jacksonville, Clearwater, Miami, Tampa, West Palm Beach, Fort Lauderdale, and Fort Myers (Key West participated in the program from FY 2008-09 through FY 2013-14).

Fifty percent of all collections from the program are distributed as sales tax collections via 212.20, F.S., and fifty percent are deposited into the special reserve account of the Florida Association of Centers for Independent Living to be used to administer the James Patrick Memorial Work Incentive Personal Attendant Services and Employment Assistance Program (JP-PAS) and to contract with the State Attorneys participating in the tax collection enforcement diversion program. The JP-PAS provides personal care attendants and other support and services to persons with significant and chronic disabilities to obtain or maintain competitive and integrated employment, including self-employment.

Methodology

The DOR provided actual collections through January 2018 for the Tax Collection Enforcement Diversion program. Estimated collections for FY 2017-18 were calculated by annualizing the amounts collected year-to-date. Estimated collections for subsequent years were calculated by applying population growth by judicial circuit to the forecasted FY 2017-18 collection amounts.

* According to FIU's Florida Public Hurricane Loss Model results, two-thirds of the total loss will be borne by homeowners (not insurance).

* According to the HOUZZ Survey from October 2017, the average home damage was \$13,000, with 66% of the damage equaling \$10,000 or less.

* According to OIR, typical deductibles for hurricanes range from \$500, to 2%, 5% and 10% of dwelling or structure value.

* EDR performed an analysis of average deductibles based on OIR information:

<i>Low</i>	511.08	0.433	-221.5	289.6	-80.5	209.12

NOTE: The Displacement Factor includes deductibles and uninsured expenses (from incidentals, going bare or uncovered flood damage) coming out of pocket.

* According to FIU's Florida Public Hurricane Loss Model results, two-thirds of the total loss will be borne by homeowners (not insurance).

* According to the HOUZZ Survey from October 2017, the average home damage was \$13,000, with 66% of the damage equaling \$10,000 or less.

* According to OIR, typical deductibles for hurricanes range from \$500, to 2%, 5% and 10% of dwelling or structure value.

* EDR performed an analysis of average deductibles based on OIR information:
