## INTRODUCTION

Economic, demographic, resource-demand and revenue forecasts are essential for a variety of governmental planning and budgeting functions. Most importantly, revenue and resource-demand estimates are needed to ensure that Florida meets its constitutional balanced budget requirement. In this regard, the various forecasts are primarily used in the development of the constitutionally required Long-Range Financial Outlook, the Governor's budget recommendations and the General Appropriations Act. Economic and demographic forecasts are also used to support the other estimates of revenues and demands for state services.

Florida's revenue forecasting system is founded on a base forecast which typically assumes a "current law, current administration" structure in which no changes are allowed to the legal setting and practices known at the time of the forecast. This multi-stage process begins with the adoption of a national economic forecast based in part on information from a private forecasting firm, and the subsequent development of a Florida-specific economic forecast linked to major elements from the national forecast. Key state economic variables are then used to model the likely growth paths of individual revenue sources. They are further adjusted by recent revenue collection trends and calibrated to current receipts.<sup>1</sup> This process determines the baseline forecasts, and proposed law changes are modeled as deviations from the projected base. In the next round of forecasts, the process begins again, and the baseline is updated to account for any new or changed information, such as data revisions and law changes. All revenue estimates are made on a "cash" basis where revenues are assigned to the fiscal year in which they are likely to be received. The resource-demand conferences follow a similar process, and most rely heavily on the shape of the Florida-specific economic and population forecasts.

Rather than constitutional or statutory guidance, the classification of recurring and non-recurring revenues is based on institutional forecasting conventions developed over time by the principals of the Revenue Estimating Conference. Typically, the forecasted revenue level for each baseline year is deemed to be the "recurring" amount of funds for that year, regardless of the projected levels in subsequent years. Narrow exceptions are made for one-time events such as hurricanes and the receipt of special federal funds, as well as time-limited statutory provisions. Recent estimates have included at least five complete fiscal years in the forecast adopted at the conference. Moreover, the annual Long-Term Revenue Analysis adopted each fall contains 10-year forecasts for revenues.

Consensus estimating informally began in 1970 and was limited to forecasts of the General Revenue Fund. The law establishing the conference process in statute did not pass until 1985 (Chapter 85-26, L.O.F.). The use of consensus forecasting to support the planning and budgeting process has expanded in the years since, and there are now ten estimating conferences formally identified in statute:

1. Economic Estimating Conference
  - a. Florida Economic
  - b. National Economic
2. Florida Demographic Estimating Conference
3. Revenue Estimating Conference
  - a. Ad Valorem
  - b. Article V Fees & Transfers

---

<sup>1</sup> Designated principals also use independent (but informed) judgment to alter the forecast.

- c. Documentary Stamp Tax
  - d. General Revenue
  - e. Gross Receipts/Communications Services Tax
  - f. Highway Safety Fees
  - g. Indian Gaming
  - h. Long-Term Revenue Analysis
  - i. Lottery
  - j. Public Education Capital Outlay (PECO)
  - k. Slot Machines
  - l. Tobacco Settlement
  - m. Tobacco Tax and Surcharge
  - n. Transportation Revenue
  - o. Unclaimed Property/State School Trust Fund
4. Education Estimating Conference
    - a. Public Schools Enrollment
    - b. Public Schools Capital Outlay Full-Time Equivalent Enrollment
    - c. Florida College System Enrollment
    - d. Post-Secondary Financial Aid
  5. Criminal Justice Estimating Conference
  6. Social Services Estimating Conference
    - a. TANF/WAGES
    - b. Medicaid Caseloads
    - c. Medicaid Expenditures
    - d. Kidcare
  7. Labor Market Estimating Conference
  8. Early Learning Programs Estimating Conference
    - a. School Readiness Program
    - b. Voluntary Prekindergarten Education Program
  9. Self-Insurance Estimating Conference
    - a. Risk Management Trust Fund
    - b. State Employees' Health Insurance
  10. Florida Retirement System Actuarial Assumption Estimating Conference
    - a. Florida Retirement System
    - b. Retiree Health Insurance Subsidy and Florida National Guard Benefits

While references to specific conferences exist in several places within the Florida Statutes, general statutory authority for the consensus process is provided in sections 216.133 through 216.138, F.S., which specifies the duties of each conference and designates the conference principals and participants. Conference principals can call conferences and are generally responsible for developing and choosing the forecasts. Participants may be requested to provide alternative forecasts and to generate supporting information. All conferences are open, public meetings.

The four principals for each conference are designated professional staff representing the Governor's Office, Senate, House of Representatives, and Legislative Office of Economic and

Demographic Research. Historically, the revenue representatives of the House and Senate have been the staff directors of the tax committees, and the policy coordinator overseeing tax issues has represented the Governor's Office. In the other conferences, the principals represent the same offices, but they are specifically chosen for their subject-matter expertise in the area represented by the conference. An exception is made for the Coordinator of the Legislative Office of Economic and Demographic Research who – by law – sits as a principal on all conferences.

Consensus forecasting requires the conference principals to agree on the forecasts before they are finalized. Section 216.133(3), F.S., defines “consensus” as “the unanimous consent of all of the principals,” essentially meaning that each principal has a veto. All state agencies and the judicial branch must use the official results adopted by the conferences in carrying out their duties under the state planning and budgeting process; however, the Legislature is not bound to use the official consensus forecasts. Nevertheless, since 1970, the Florida Legislature has consistently used the results of these conferences in its official duties.

Over the course of each year, the principals meet in a series of regularly scheduled Consensus Estimating Conferences to provide the forecasts needed to support the planning and budgeting process. Typically, these conferences have occurred in three “seasons” that are geared to the major events of the annual planning and budgeting cycle. In addition, impact conferences are held when estimates are needed to determine the impact of changes or proposed changes to current law or current administration. The statutes do not specify the methods, techniques, or approaches for developing estimates or forecasts; however, the impact conferences typically use static analyses with modest adjustments for likely behavioral changes when conditions warrant their inclusion.

A special case of the estimating conference process has been developed for evaluating the fiscal impact of petition initiatives. In 2004, a constitutional amendment passed that requires initiative petitions be filed with the Secretary of State by February 1st of each general election year in order to be eligible for ballot consideration. Section 100.371(13)(a), F.S., requires that “at the same time the Secretary of State submits an initiative petition to the Attorney General pursuant to s. 15.21, F.S., the Secretary shall submit a copy of the initiative petition to the Financial Impact Estimating Conference.” This triggers a 75-day review period for the conference to complete an analysis and financial impact statement to be placed on the ballot.

The Financial Impact Estimating Conference (FIEC) consists of four principals: one person from the Executive Office of the Governor; the coordinator of the Legislative Office of Economic and Demographic Research, or his or her designee; one person from the professional staff of the Senate; and one person from the professional staff of the House of Representatives. Each principal must have appropriate fiscal expertise in the subject matter of the initiative. A separate FIEC is appointed for each initiative.

Another special case of the estimating conference process has been developed for evaluating legislative proposals—whether statutory or budgetary—based on tools and models not generally employed by the consensus estimating conferences, including cost-benefit, return-on-investment, or dynamic scoring techniques, when suitable and appropriate for the legislative proposals being evaluated. In 2010, HB 1178 was passed and signed into law (Chapter 2010-101, L.O.F) establishing section 216.138, F.S., authorizing the President of the Senate and the Speaker of the House of Representatives to request special impact estimating conferences employing such tools and models. The Special Impact Estimating Conference consists of four principals: one person from the Executive Office of the Governor; the coordinator of the Legislative Office of Economic and Demographic Research, or his or her designee; one person from the professional staff of the Senate; and one person from the professional staff of the House of Representatives. Each

principal must have appropriate fiscal expertise in the subject matter of the legislative proposal. A separate Special Impact Estimating Conference may be appointed for each proposal.

This publication documents the long term revenue forecast and reflects the results of the Summer conferences held July 11, 2023 through August 18, 2023. This document, as well as other information can be found on EDR's website at <http://edr.state.fl.us/Content/>.

## APPENDIX C

### FOOTNOTES

1. History for Nominal Personal Income, Population Index and Implicit Price Deflator was updated in 2010.
2. The trust fund portion of each tax source may be subject to an obligatory General Revenue service charge which has not been deducted here, thereby reducing the dollars available for appropriations out of the Trust Fund.
3. Other Nonoperating GR on the history table includes miscellaneous revenues plus an adjustment to motor vehicle and mobile home licenses. Other Nonoperating GR on the direct revenue table does not include miscellaneous revenues but does include the adjustment to motor vehicle and mobile home licenses.
4. Includes distributions to the – (1) Hurricane Andrew Trust Fund of \$228.8 Million (FY 92-93), \$190.0 Million (FY 93-94), and \$159.0 Million (FY 94-95); (2) Solid Waste Management Trust Fund (FY 88-89 to FY 08-09); and (3) Sports Facilities Distributions (FY 92-93 to present).
5. Includes the Half-cent Sales Tax (FY 82-83 to present), the Emergency Distribution (FY 94-95 to present), Public Employees Relations Commission (PERC), Revenue Sharing to municipalities and counties, and Parimutuel distribution (FY 00-01 to present) to local governments.
6. Prior to 2006-07, Article V Fees and Transfers were included in Other Fees, Licenses and Taxes. Beginning in 2006-07, Article V Fees were reported separately. However, prior to 2010-11, Article V Trust included only Clerks of Court Trust Fund receipts. Remaining Trust Fund receipts were reported in Other Fees/Licenses/Taxes Trust.
7. Includes Sales Tax revenue shared with local government through the half-cent sales tax and the emergency distribution.
8. Beginning in FY 2000-01, local shared revenue formerly distributed to counties from intangibles taxes and parimutuel fees, licenses and taxes are paid from the sales and use tax; local revenue formerly distributed to municipalities from tobacco taxes are also paid from the sales and use tax.
9. The Agency for Workforce Innovation was created in FY 2000-01.
10. Due to programming changes in FY 1999-00 by the Department of Highway Safety and Motor Vehicles, this trust fund went from having a large balance at the end of the year to a much smaller balance. This was due to transfers out of the trust fund being done in a more timely manner.
11. Beginning in FY 2001-02 Sales and Gross Receipts taxes include their portion of Communication Services Tax (CST). For further explanation of CST see Appendix D.
12. Beginning in FY 2001-02 Other Local includes Communication Services Tax (CST) Direct-to- Home Satellite Service. For further explanation of CST see Appendix D.
13. The Department of Insurance and the Department of Banking Finance merged into the Department of Financial Services in FY 2003-04.

14. The Corporations Trust Fund was abolished in 2003.
15. Educational Fees and Licenses represent fees (largely tuition) collected by state universities. In 2002, the Legislature authorized the transfer of funding associated with student tuition and fees and other authorized fees for services to local accounts to be managed by university boards of trustees. This transfer was complete by Fiscal Year 2004-05. Since that time, there has been no direct revenue reported in this category.
16. The Intangibles Clearing Trust Fund was abolished in 2004-05. Subsequent to that time, all revenue from Intangibles taxes has been deposited directly into the General Revenue Fund. Intangibles Tax BD, which was repealed effective January 1, 2007, was an annual tax on stocks, bonds, notes, governmental leaseholds, and interests in limited partnerships registered with the SEC. Intangibles Tax C is assessed against obligations secured by liens on Florida realty, and is assessed at recordation.
17. Other Grants in FY 2001-02: \$449.7 million of this amount is a non-recurring U.S. Department of Labor Reed Act distribution received in March 2002. FY 2004-05: In 2002, the Legislature authorized the transfer of funding associated with student tuition and fees and other authorized fees for services to local accounts to be managed by university boards of trustees. This transfer was complete by Fiscal Year 2004-05. Since that time, there has been no university-related revenue reported in this category.
18. Beginning in FY 1997-98, Hunting and Fishing Licenses were updated to include the Marine Resources Conservation Trust Fund licenses. Other Fees Licenses and Taxes Trust were lowered by the license amount in the same years.
19. Beginning with the 2008 Revenue analysis, Parimutuel Fees, Licenses and Taxes and Slot Machine Licenses are reported separately.
20. Miscellaneous Revenues Trust includes an unknown amount of General Revenue appropriations, particularly in the university trust funds. In 2002, the Legislature authorized the transfer of funding associated with student tuition and fees and other authorized fees for services to local accounts to be managed by university boards of trustees. This transfer was complete by Fiscal Year 2004-05. Since that time, there has been no university-related revenue reported in this category. Caution should be exercised in using historical series that include Miscellaneous Revenues Trust.
21. While the statutory authorization still exists for the Florida Estate Tax, it is no longer effective. At this point, it is unlikely that the state tax credit will be reinstated, and without that, the Florida tax is not authorized.
22. Beginning with the Fall 2007 (Volume 23) Long-Term Revenue Analysis, the historical and forecast data have been combined in all tables. A black line indicates the separation between historical and forecast data.
23. Beginning with the Fall 2008 (Volume 24) Long-Term Revenue Analysis, historical and forecast data are being provided for Tobacco and Other Fines/Forfeitures/Judgements in all tables. Previous volumes reported Fines/Forfeitures/Judgements in Other GR, but Tobacco and Other Trust Fines/Forfeitures/Judgements were not reported.
24. Beginning with the Fall 2009 (Volume 25) Long-Term Revenue Analysis, Other Fees, Licenses and Taxes GR has been separated into two categories. The first is Other Fees, Licenses and Taxes GR, and the second is Other Nonoperating GR. History has been adjusted back to FY 2004-05.
25. Beginning in FY 2006-07 the historical figures for certain General Revenue sources are accounted for in the same manner as estimated and tracked by the Revenue Estimating

Conference. Prior to this time, the workpapers used historical figures which reflected the manner in which revenues were recorded by the Comptroller.

26. The growth in the product of two series can be calculated as:

$$(1+g_1)*(1+g_2)-1$$

where

$g_1$  is the growth rate in the first series expressed in decimal notation

$g_2$  is the growth rate in the second series expressed in decimal notation

As an example, take state personal income (YP) which can be seen as the product of state per capita personal income (YPC) and state population (N); let

$$YP = YPC * N$$

and

$g_{YPC}$  = growth in state per capita personal income (in decimal notation)

$g_N$  = growth in state population (in decimal notation)

Then growth in state personal income can be calculated as

$$(YP/YP_{-1})-1 = g_{YP}$$

But

$$YP/YP_{-1} = (YPC * N)/(YPC_{-1} * N_{-1}) = (YPC/YPC_{-1}) * (N/N_{-1}) = (1+g_{YPC}) * (1+g_N)$$

Thus

$$g_{YP} = (1+g_{YPC}) * (1+g_N) - 1$$

27. Beginning in FY 2012-13, estimates reflect actual cash transfers to the Educational Enhancement Trust Fund (EETF), rather than weekly sales as previously estimated, because there is a delay in the transfer of weekly sales receipts to the EETF of up to two weeks.
28. Beginning in FY 2010-11, an adjustment was made to US GOV - HRS/AHCA MEDICAID GRANTS to exclude \$17M in state Recoveries & Recoupments that was previously included incorrectly as federal receipts to the Medical Care Trust Fund. These state funds are not included in the total for FY 2010-11 and subsequent years.
29. Beginning with the Fall 2016 (Volume 32) Long-Term Revenue Analysis, historical and forecast data are being provided for the following trust fund receipts:
- a.) Refunds and Reimbursements.
  - b.) Sales, Concessions Rents and Leases
30. Under the 2010 compact, Indian Gaming Local Distributions were treated as separate revenue collections. This treatment caused several years to appear to be anomalous. FY 2009-10 receipts were \$287.5m with \$0.0m distribution to locals, and FY 2019-20 receipts were \$0.0m with a \$7.2m distribution to locals. Beginning with the 2021 compact local distributions were treated as expenditures in the following year.
31. Chapter 2021-2, L.O.F., required recalculation of the 2021 Re-employment Assistance Tax rates, disregarding the re-employment assistance benefits paid that were related to COVID-19, and authorized refunds for taxpayers that had already paid taxes related to the first calculation of tax rates for the 2021 calendar year. Fiscal Year 2020-21 includes Re-employment Assistance Tax Refunds of \$289,149,322.60 from General Revenue and Fiscal Year 2021-22 includes \$157,033,474.19 in Refunds from General Revenue for a total of \$446,182,796.79.
32. Within the U.S. Government Total, the FY 2022-23 revenues are preliminary and subject to change.

## APPENDIX D

### COMMUNICATIONS SERVICES TAX

#### SUMMARY

The communications services tax is imposed on retail sales of communications services which originate and terminate in Florida, or originate or terminate in Florida and are billed to a Florida address. Communications services include all forms of telecommunications previously taxed by the gross receipts tax plus cable television and direct-to-home satellite service. The law specifically states that the tax also applies to communications services provided through any “other medium or method now in existence or hereafter devised.” The tax imposed by Chapter 203, F.S., on communications services is also administered under Chapter 202, F.S.

#### HISTORY

Prior to 2001, nonresidential telecommunications services were subject to sales and use tax under Chapter 212, F.S., at the rate of 7 percent. Cable television and direct satellite television were subject to sales and use tax at a rate of 6 percent. Telecommunications services were also subject to gross receipts tax at the rate of 2.5 percent under Chapter 203, F.S. Chapter 2000-260, L.O.F. (SB 1338), created the Communications Services Tax Simplification Law which provided for a new statewide tax on communications services to replace the sales and use tax on telecommunications services, cable, and direct satellite television. It also provided for a different administration of the gross receipts tax on telecommunications services and extended that tax to cable and direct satellite television. The Communications Services Tax Simplification Law, which applied to bills issued by communications services providers on or after October 1, 2001, also provided for locally imposed communications services tax to be administered by the Department of Revenue. Chapter 2001-140, L.O.F. (SB 1878), established the revenue-neutral tax rates for the state-wide and local communications services taxes. Chapter 2002-48, L.O.F. (HB 1511), conformed the communications services tax exemption for religious and educational institutions to similar provisions in the sales tax statute. It also provided an exemption for the public lodging industry from the requirement that dealers separately state the communications services tax. Chapter 2003-254, L.O.F. (SB 1176), exempted homes for the aged from the tax on communications services. Chapter 2005-187, L.O.F. (SB 2070), repealed the tax on substitute communications systems and provided that the Department of Revenue would not assess this tax back to October 1, 2001, when the communications services tax was implemented. Chapter 2006-229, L.O.F. (HB 293), redistributed communications services tax revenue from the Local Government Half-Cent Clearing Trust Fund to fiscally constrained counties. Of the tax on direct-to-home satellite services that had been transferred to the Local Government Half-Cent Clearing Trust Fund, 30 percent was redirected to fiscally constrained counties, which are defined as counties for which a mill of property tax will raise no more than \$5 million. Chapter 2010-138, L.O.F. (HB 7157), clarified that the partial exemption for residential households described in s. 202.125, F.S., does not apply to any residence that constitutes all or part of a transient public lodging establishment as defined in Chapter 509, F.S. Chapter 2010-83, L.O.F. (HB 281), allowed dealers to report credits for bad debts by netting the credit directly against communications services tax due. Chapter 2010-149, L.O.F. (SB 2024), decreased the sales tax rate to 6.65 percent and increased the gross receipts tax rate to 2.52 percent – effectively shifting 0.15 percent from the sales tax component to the gross receipts tax component – while retaining the exemption for residential households provided by s. 202.125(1), F.S., on the additional 0.15 percent gross receipts tax rate. Chapter 2011-120, L.O.F. (HB 887), required the tax to be calculated using the traditional “4-5” rounding rule, whereby the amount is rounded up if the third decimal place is greater than four, and allows the dealer to utilize rounding on the sales tax portion and gross receipts and at the item or invoice level. Chapter 2012-70, L.O.F. (HB 809), revised provisions of the law holding communications dealers liable for misallocation of taxes across local governments and allowing dealers to unbundle taxable and non-taxable items stated jointly on a customer’s bill as long as the dealer could identify the items in its books and records. Chapter 2014-38, L.O.F. (HB 5601), revised the definition of prepaid calling arrangements to

include services other than telephone calls, and services which terminate upon the expiration or exhaustion of all prepaid units and do not require the purchase of additional units. Chapter 2015-221, L.O.F. (HB 33A), revised the rate applied to Direct-to-Home (DTH) Satellite Communication Services Tax to 9.07 percent, and non-satellite CST to 4.92 percent as of July 1, 2015. Furthermore, the law revised statutory distributions of CST revenue to ensure local government distributions of the tax imposed on direct-to-homes satellite service pursuant to section 212.20(6), the Local Government Half-cent Sales Tax Clearing Trust Fund pursuant to s. 218.61, F.S., the Local Government Half-cent Sales Tax Clearing Trust Fund– Emergency Distribution pursuant to s. 218.65, F.S., the Revenue Sharing Trust Fund for Counties pursuant to s. 218.215, F.S. and the Revenue Sharing Trust Fund for Municipalities pursuant to s. 218.215; F.S. were not affected by the rate change.

CST	FISCAL YEAR 2022-23	FORECAST									
		23/24	24/25	25/26	26/27	27/28	28/29	23/30	30/31	31/32	32/33
CST Sales Tax	614.72	637.38	662.02	682.27	699.01	712.55	727.45	742.19	756.65	772.19	787.96
CST Gross Receipts Tax	346.93	358.59	371.16	380.99	388.71	394.57	401.14	407.57	413.79	420.55	427.38
CST Local	42.60	40.96	40.13	40.38	40.93	41.51	42.10	42.68	43.26	43.86	44.47
CST Total	1,004.25	1,036.93	1,073.31	1,103.64	1,128.66	1,148.63	1,170.68	1,192.44	1,213.70	1,236.60	1,259.80

Where they are in this Volume:

CST Sales Tax - Included in Sales Tax Total

CST Gross Receipts Tax - Included in Gross Receipts Utilities Tax

CST Local - Included in Other Local (Direct-to-Home Satellite services shared with Local Governments only)

CST Local Option - NOT SHOWN (Local Option Taxes are not state revenue)

CST Total - NOT SHOWN

## APPENDIX E

### STATUTE GOVERNING ESTIMATING CONFERENCES

**216.133 Definitions; ss. 216.133-216.138.**—As used in ss. 216.133-216.138:

(1) “Consensus estimating conference” includes the Economic Estimating Conference, the Demographic Estimating Conference, the Revenue Estimating Conference, the Education Estimating Conference, the Criminal Justice Estimating Conference, the Occupational Forecasting Conference, the Early Learning Programs Estimating Conference, the Self-Insurance Estimating Conference, the Florida Retirement System Actuarial Assumption Conference, and the Social Services Estimating Conference.

(2) “Official information” means the data, forecasts, estimates, analyses, studies, and other information which the principals of a consensus estimating conference unanimously adopt for purposes of the state planning and budgeting system.

(3) “Consensus” means the unanimous consent of all of the principals of a consensus estimating conference.

**History.**—s. 1, ch. 85-26; s. 16, ch. 93-230; s. 14, ch. 2000-371; s. 6, ch. 2004-484; s. 21, ch. 2005-152; s. 3, ch. 2010-101.

**216.134 Consensus estimating conferences; general provisions.**—

(1) Each consensus estimating conference shall develop such official information within its area of responsibility as the conference determines, by consensus, is needed for purposes of the state planning and budgeting system. Unless otherwise provided by law or decided by unanimous agreement of the principals of the conference, all official information developed by the conference shall be based on the assumption that current law and current administrative practices will remain in effect throughout the period for which the official information is to be used. The official information developed by each consensus estimating conference shall include forecasts for a period of at least 10 years, unless the principals of the conference unanimously agree otherwise.

(2) Whenever an estimating conference is convened, an official estimate does not exist until a new consensus is reached.

(3) The official information developed by the Economic Estimating Conference and the official information developed by the Demographic Estimating Conference shall be used by all other consensus estimating conferences in developing their official information.

(4) Consensus estimating conferences are within the legislative branch. The membership of each consensus estimating conference consists of principals and participants.

(a) A person designated by law as a principal may preside over conference sessions, convene conference sessions, request information, specify topics to be included on the conference agenda, agree or withhold agreement on whether information is to be official information of the conference, release official information of

the conference, interpret official information of the conference, and monitor errors in official information of the conference. The responsibility of presiding over sessions of the conference shall be rotated among the principals.

(b) A participant is any person who is invited to participate in the consensus estimating conference by a principal. A participant shall, at the request of any principal before or during any session of the conference, develop alternative forecasts, collect and supply data, perform analyses, or provide other information needed by the conference. The conference shall consider information provided by participants in developing its official information.

(c) The principals of each conference shall be professional staff of the Executive Office of the Governor designated by the Governor, the coordinator of the Office of Economic and Demographic Research, professional staff of the Senate designated by the President of the Senate, and professional staff of the House of Representatives designated by the Speaker of the House of Representatives. The coordinator of the Office of Economic and Demographic Research may designate other professional staff within that office to act as principals on the conferences.

(5) All sessions and meetings of a consensus estimating conference shall be open to the public. The President of the Senate and the Speaker of the House of Representatives, jointly, shall be the sole judge for the interpretation, implementation, and enforcement of this subsection.

**History.**—s. 2, ch. 85-26; s. 15, ch. 2000-371; s. 22, ch. 2005-152; s. 27, ch. 2006-122.

**216.135 Use of official information by state agencies and the judicial branch.**—Each state agency and the judicial branch shall use the official information developed by the consensus estimating conferences in carrying out their duties under the state planning and budgeting system. State agencies, including their divisions, bureaus, and statutorily created entities, must ensure that any related work product is consistent with the official information developed by the Economic Estimating Conference, the Demographic Estimating Conference, and the Labor Market Estimating Conference.

**History.**—s. 3, ch. 85-26; s. 51, ch. 92-142; s. 2, ch. 2023-81.

**216.136 Consensus estimating conferences; duties and principals.**—

(1) **ECONOMIC ESTIMATING CONFERENCE.**—The Economic Estimating Conference shall develop such official information with respect to the national and state economies as the conference determines is needed for the state planning and budgeting system. The basic, long-term forecasts which are a part of its official information shall be trend forecasts. However, the conference may include cycle forecasts as a part of its official information if the subject matter of the forecast warrants a cycle forecast and if such forecast is developed in a special impact session of the conference.

(2) **DEMOGRAPHIC ESTIMATING CONFERENCE.**—The Demographic Estimating Conference shall develop such official information with respect to the population of the nation and state by age, race, and sex as the conference

determines is needed for the state planning and budgeting system. The conference shall use the official population estimates provided under s. 186.901 in developing its official information.

(3) REVENUE ESTIMATING CONFERENCE.—The Revenue Estimating Conference shall develop such official information with respect to anticipated state and local government revenues as the conference determines is needed for the state planning and budgeting system. Any principal may request the conference to review and estimate revenues for any trust fund.

(4) EDUCATION ESTIMATING CONFERENCE.—

(a) The Education Estimating Conference shall develop such official information relating to the state public and private educational system, including forecasts of student enrollments, the national average of tuition and fees at public postsecondary educational institutions, the number of students qualified for state financial aid programs and for the William L. Boyd, IV, Effective Access to Student Education Grant Program and the appropriation required to fund the full award amounts for each program, fixed capital outlay needs, and Florida Education Finance Program formula needs, as the conference determines is needed for the state planning and budgeting system. The conference's initial projections of enrollments in public schools shall be forwarded by the conference to each school district no later than 2 months prior to the start of the regular session of the Legislature. Each school district may, in writing, request adjustments to the initial projections. Any adjustment request shall be submitted to the conference no later than 1 month prior to the start of the regular session of the Legislature and shall be considered by the principals of the conference. A school district may amend its adjustment request, in writing, during the first 3 weeks of the legislative session, and such amended adjustment request shall be considered by the principals of the conference. For any adjustment so requested, the district shall indicate and explain, using definitions adopted by the conference, the components of anticipated enrollment changes that correspond to continuation of current programs with workload changes; program improvement; program reduction or elimination; initiation of new programs; and any other information that may be needed by the Legislature. For public schools, the conference shall submit its full-time equivalent student consensus estimate to the Legislature no later than 1 month after the start of the regular session of the Legislature. No conference estimate may be changed without the agreement of the full conference.

(b) No later than 2 months prior to the start of the regular session of the Legislature, the conference shall forward to each eligible postsecondary education institution its initial projections of the number of students qualified for state financial aid programs and the appropriation required to fund those students at the full award amount. Each postsecondary education institution may request, in writing, adjustments to the initial projection. Any adjustment request must be submitted to the conference no later than 1 month prior to the start of the regular session of the Legislature and shall be considered by the principals of the conference. For any adjustment so requested, the postsecondary education institution shall indicate and explain, using definitions adopted by the conference, the components of anticipated changes that correspond to continuation of current programs with enrollment changes, program reduction or elimination, initiation of new programs, award amount increases or

decreases, and any other information that is considered by the conference. The conference shall submit its consensus estimate to the Legislature no later than 1 month after the start of the regular session of the Legislature. No conference estimate may be changed without the agreement of the full conference.

(5) CRIMINAL JUSTICE ESTIMATING CONFERENCE.—The Criminal Justice Estimating Conference shall:

(a) Develop such official information relating to the criminal justice system, including forecasts of prison admissions and population and of supervised felony offender admissions and population, as the conference determines is needed for the state planning and budgeting system.

(b) Develop such official information relating to the number of eligible discharges and the projected number of civil commitments for determining space needs pursuant to the civil proceedings provided under part V of chapter 394.

(c) Develop official information relating to the number of sexual offenders and sexual predators who are required by law to be placed on community control, probation, or conditional release who are subject to electronic monitoring.

(6) SOCIAL SERVICES ESTIMATING CONFERENCE.—

(a) The Social Services Estimating Conference shall develop such official information relating to the social services system of the state, including forecasts of social services caseloads, utilization, and expenditures, as the conference determines is needed for the state planning and budgeting system. Such official information shall include, but not be limited to, cash assistance and Medicaid caseloads.

(b) The Social Services Estimating Conference shall develop information relating to the Florida Kidcare program, including, but not limited to, outreach impacts, enrollment, caseload, utilization, and expenditure information that the conference determines is needed to plan for and project future budgets and the drawdown of federal matching funds.

(7) LABOR MARKET ESTIMATING CONFERENCE.—

(a) The Labor Market Estimating Conference shall develop such official information with respect to supply and demand in Florida's statewide and regional labor markets as the conference determines is needed by the state's near-term and long-term planning and budgeting system. Such information must include labor supply by education level, analyses of labor demand by occupational groups and occupations compared to labor supply and a ranking of critical areas of concern prioritized by level of statewide or regional shortages. The Office of Economic and Demographic Research is designated as the official lead for the United States Census Bureau's State Data Center Program or its successor. All state agencies shall provide the Office of Economic and Demographic Research with the necessary data to accomplish the goals of the conference.

(b) The Labor Market Estimating Conference, for the purposes described in paragraph (a), shall meet at least twice a year and as necessary to address emerging opportunities for the state's economy.

(8) EARLY LEARNING PROGRAMS ESTIMATING CONFERENCE.—

(a) The Early Learning Programs Estimating Conference shall develop estimates and forecasts of the unduplicated count of children eligible for the school readiness program in accordance with the standards of eligibility established in s. 1002.87 and of children eligible for the Voluntary Prekindergarten Education Program in accordance with s. 1002.53(2), as the conference determines are needed to support the state planning, budgeting, and appropriations processes.

(b) The Division of Early Learning shall provide information on needs and waiting lists for school readiness programs, and information on the needs for the Voluntary Prekindergarten Education Program, as requested by the Early Learning Programs Estimating Conference or individual conference principals in a timely manner.

(9) SELF-INSURANCE ESTIMATING CONFERENCE.—The Self-Insurance Estimating Conference shall develop such official information on self-insurance related issues as the conference determines is needed by the state planning and budgeting system.

(10) FLORIDA RETIREMENT SYSTEM ACTUARIAL ASSUMPTION CONFERENCE.—The Florida Retirement System Actuarial Assumption Conference shall develop official information with respect to the economic and noneconomic assumptions and funding methods of the Florida Retirement System necessary to perform the system actuarial study undertaken pursuant to s. 121.031(3). Such information shall include: an analysis of the actuarial assumptions and actuarial methods used in the study and a determination of whether changes to the assumptions or methods need to be made due to experience changes or revised future forecasts.

**History.**—s. 4, ch. 85-26; s. 1, ch. 87-234; s. 3, ch. 88-384; s. 2, ch. 89-531; s. 25, ch. 90-306; s. 18, ch. 91-57; s. 11, ch. 91-109; s. 20, ch. 91-282; s. 1, ch. 93-84; s. 15, ch. 93-230; s. 63, ch. 94-209; s. 1512, ch. 95-147; s. 61, ch. 95-228; s. 20, ch. 96-320; s. 4, ch. 96-404; s. 10, ch. 98-136; s. 131, ch. 98-403; s. 45, ch. 98-421; s. 87, ch. 99-2; s. 23, ch. 99-8; s. 1, ch. 99-206; s. 3, ch. 99-357; s. 4, ch. 2000-135; ss. 43, 78, ch. 2000-139; s. 58, ch. 2000-165; s. 2, ch. 2000-200; s. 1, ch. 2000-253; s. 16, ch. 2000-371; s. 5, ch. 2001-56; s. 22, ch. 2001-170; s. 3, ch. 2001-185; s. 6, ch. 2002-390; s. 7, ch. 2004-33; s. 7, ch. 2004-41; s. 7, ch. 2004-484; s. 2, ch. 2005-28; s. 23, ch. 2005-152; s. 25, ch. 2006-1; s. 28, ch. 2006-122; s. 1, ch. 2009-98; s. 82, ch. 2011-142; s. 21, ch. 2013-252; s. 3, ch. 2015-98; s. 25, ch. 2018-4; s. 36, ch. 2019-3; s. 6, ch. 2021-10; s. 2, ch. 2021-164; s. 3, ch. 2023-81.

**216.1366 Contract terms.—**

(1) In order to preserve the interest of the state in the prudent expenditure of state funds, each public agency contract for services entered into or amended on or after July 1, 2020, shall authorize the public agency to inspect the:

(a) Financial records, papers, and documents of the contractor that are directly related to the performance of the contract or the expenditure of state funds.

(b) Programmatic records, papers, and documents of the contractor which the public agency determines are necessary to monitor the performance of the contract or to ensure that the terms of the contract are being met.

(2) The contract shall require the contractor to provide such records, papers, and documents requested by the public agency within 10 business days after the request is made.

(3)(a) For any contract for services executed, amended, or extended on or after July 1, 2023, with a nonprofit organization as defined in s. [215.97\(2\)\(m\)](#), the contract must require the contractor to provide documentation that indicates the amount of state funds:

1. Allocated to be used during the full term of the contract for remuneration to any member of the board of directors or an officer of the contractor.

2. Allocated under each payment by the public agency to be used for remuneration of any member of the board of directors or an officer of the contractor. The documentation must indicate the amounts and recipients of the remuneration.

Such information must be included in the contract tracking system maintained pursuant to s. [215.985](#) and must be posted on the contractor's website, if the contractor maintains a website.

(b) As used in this subsection, the term:

1. "Officer" means a chief executive officer, chief financial officer, chief operating officer, or any other position performing an equivalent function.

2. "Remuneration" means all compensation earned by or awarded to personnel, whether paid or accrued, regardless of contingency, including bonuses, accrued paid time off, severance payments, incentive payments, contributions to a retirement plan, or in-kind payments, reimbursements, or allowances for moving expenses, vehicles and other transportation, telephone services, medical services, housing, and meals.

3. "State funds" means funds paid from the General Revenue Fund or any state trust fund, funds allocated by the Federal Government and distributed by the state, or funds appropriated by the state for distribution through any grant program. The term does not include funds used for the state Medicaid program.

#### **216.137 Sessions of consensus estimating conferences; workpapers.—**

(1) SESSIONS.—A session of a consensus estimating conference may be convened as follows:

(a) *For the Governor.*—A session may be convened at the call of the Executive Office of the Governor to develop official information on behalf of the Governor for use in preparing his or her legislative budget recommendations.

(b) *For the Legislature.*—A session may be convened at the call of a principal who represents the Legislature or his or her designee to develop official information on behalf of the Legislature for use in its budget deliberations.

(c) *To review official information.*—After adequate notice, a session may be convened at the call of any principal to review and reconsider any official information of the conference that the principal feels is no longer valid. Any participant in the conference may notify a principal in writing if the participant feels that any official information of the conference is no longer valid. The principal shall review the matter and, if he or she feels that a

session of the conference is warranted, convene the conference for the purpose of reviewing and reconsidering such official information.

(d) *To consider special impacts.*—After adequate notice, any principal may call a special impact session of the conference to develop official information which reflects specific changes or proposed changes relating to the area of responsibility of the conference.

(2) **FINAL SESSIONS.**—Following each regular session of the Legislature, each consensus estimating conference shall convene to revise its official information to reflect changes made in the law. The official information developed at this final session of the conference shall be published by the conference and shall constitute the official information of the conference until the adjournment of the next estimating conference. The principal who is responsible for presiding over the conference shall prepare a final report relating to the official information of the conference. The report shall be completed within 2 working days after the final session of the conference adjourns. It is the official information developed at this final session of the conference and at each estimating conference that shall be monitored by the principals.

(3) **WORKPAPERS.**—The principal who is responsible for presiding over the session of a consensus estimating conference, or his or her designee, is responsible for preparing and distributing the necessary workpapers prior to the meetings of the conference. Any principal may cancel a meeting of the conference if such workpapers have not been distributed prior to the meeting. The workpapers shall include comparisons between alternative information when such comparisons are warranted.

**History.**—s. 5, ch. 85-26; s. 1161, ch. 95-147.

**216.138 Authority to request additional analysis of legislative proposals.—**

(1) The President of the Senate or the Speaker of the House of Representatives may request special impact estimating conferences to evaluate legislative proposals based on tools and models not generally employed by the consensus estimating conferences, including cost-benefit, return-on-investment, or dynamic scoring techniques, when suitable and appropriate for the legislative proposals being evaluated.

(2) Unless exempt from s. 119.07(1), information used to develop the analyses shall be available to the public. In addition, all meetings of a special impact estimating conference shall be open to the public. The President of the Senate and the Speaker of the House of Representatives, jointly, shall be the sole judge for the interpretation, implementation, and enforcement of this subsection.

(3) A special impact estimating conference shall consist of four principals: one person from the Executive Office of the Governor; the coordinator of the Office of Economic and Demographic Research, or his or her designee; one person from the professional staff of the Senate; and one person from the professional staff of the House of Representatives. Each principal shall have appropriate fiscal expertise in the subject matter of the legislative proposal. A separate special impact estimating conference may be appointed for each proposal.

(4) After the designation of the four principals, a special impact estimating conference shall convene to adopt official information relating to the proposal.

(a) A principal may invite any person to participate in a special impact estimating conference. Such person shall be designated as a participant. A participant shall, at the request of any principal before or during any meeting of a conference, collect and supply data, perform analyses, or provide other information needed by a conference.

(b) The principal from the Office of Economic and Demographic Research may convene any of the conferences established in s. 216.136 to reach a consensus on supplemental information required for the analysis of the proposed legislation.

(c) All official information of a special impact estimating conference shall be adopted by consensus of all of the principals of the conference. For the purposes of this section, the terms "official information" and "consensus" have the same meanings as provided in s. 216.133.

**History.**—s. 1, ch. 2010-101; s. 4, ch. 2011-76.
