

Revenue Estimating Conference  
Lottery Sales  
November 5, 2010  
Executive Summary

The Revenue Estimating Conference met concerning Lottery revenues on November 5, 2010. The conference increased expected distributions to the Educational Enhancement Trust Fund (EETF) from current projections by \$5.5 million in 2010-11 and reduced expected distributions by \$24.5 million in 2011-12. These figures translate into growth rates of -5.3% in 2010-11 and .4% in 2011-12. Distributions are then expected to increase by 1.2% in 2012-13 and 1.6% in 2013-14.

Overall the forecast for ticket sales was increased by \$24.4 million in 2010-11, and \$44.0 million in 2011-12. The largest change in the sales forecast was to the projection for scratch-off games, which was increased by \$37.9 million in 2010-11 and \$59.7 million in 2011-12. The projections for Cash 3 sales were also increased. The Lottery introduced a new on-line game, Lucky Lines, in October. The projected sales for Lucky Lines, which were not included in the previous forecast, are \$54.1 million in 2010-11 and \$36.7 million in 2011-12.

On the negative side, the projections for both Lotto and Powerball including Power Play were both reduced significantly, with a total reduction of \$65.8 million in 2010-11 and \$61.3 million in 2011-12. Expected sales were also reduced for Mega Money, Fantasy 5, Play 4, and the raffle game, although not as significantly as for Lotto and Powerball.

The projections for non-ticket income were reduced by \$.7 million in 2010-11 and left unchanged in 2011-12. The forecast for 80% unclaimed prizes available for immediate transfer to EETF was increased slightly based on the increased forecast for ticket sales.

The details of the forecast and changes are shown in the table on the next page.
