The Voluntary Prekindergarten Estimating Conference reviewed actual 2008-09 and 2009-10 school year and 2009 summer data through October 31, 2009. Based on these data, the conference adopted forecasted fiscal year enrollments and full-time equivalent (FTE) enrollment for the Voluntary Prekindergarten Program (VPK) for 2009-10, 2010-11, 2011-12 and 2012-13.

The revised fiscal year enrollments and FTEs are as follows:

| VPK Fiscal Year                                    | Enrollment |                             |                          | FTE      |                             |                          |

| <b>Projected 2012-13</b>                           | 10,410     | 183,939                     | 173,529                  | 7,972.19 | 157,062.11                  | 149,089.92               |

Updated data used for the revised estimates and forecasts are:

1. 2008-09 school year and summer data through October 2009 (actual except for reconciliations).
2. 2009-10 school year data through October 2009.
3. Updated estimates of the Florida population of children aged four.

The 2008-09 school year estimate was relatively unchanged, while the 2009 summer program year enrollment increased by 4.9% over the estimate from the July 30, 2009 conference. The FY 2008-09 enrollment is slightly higher mostly due to the May/June 2009 summer program. The FY 2008-09 FTEs are higher due to slight increases in both the enrollment and number of hours attended.

For the 2008-09 program year it is estimated that 63.46% of eligible four year olds participated in the VPK program. The participation rate is estimated to increase to 69.23% for the 2009-10 program year and is anticipated to reach 75% by the 2011-12 program year.

The assumptions for the 2009-10 through 2012-13 forecasts are:

1. The uniform attendance policy that began with the 2009-10 program year will have an insignificant impact upon FTE.
2. By 2011-12, 75% of the eligible four year olds will be participating in the program. The program will continue at the 75% participation level.
3. Enrollment in the summer program has stabilized and is expected to remain around 10,000 enrollment throughout the forecast time period.
4. Round-up calculations for summers 2010 through 2013 are only included for districts that were eligible for round-up during summer 2009.
5. The relationship of FTE to enrollment for 2009-10 through 2012-13 will remain at the 2008-09 school year and 2009 summer levels.

# Terminology

| Terminology                           |   |
|---------------------------------------|---|
| Enrollment                            | Headcount of students in a program; unduplicated state and duplicated counties.   |
| Fiscal Year                           | July 1 - June 30 (Includes part of summer enrollment from two program years).   |
| Full-Time Equivalent (FTE) Enrollment | One Full-Time Equivalent Enrollment represents one child enrolled for the entire program. FTE calculation is based on the number of hours paid divided by 540 or 300 depending on the child's program (either 540 for the School Year program or 300 for the summer program). |
| Participation Rate                    | Program Year enrollment divided by the estimated/forecasted October 1, population of 4-year olds.   |
| Program Year                          | Includes the VPK School Year and Summer Programs based on eligibility as determined by date of birth.   |
| Public School Round-up                | The public school FTE enrollment round-up refers to adding enrollment to public school FTE enrollment if the level of enrollment is not a multiple of 12 for summer 2009 and beyond and a multiple of 10 for summers 2007 and 2008.   |
| School Year                           | 540 hour VPK Program that runs from July/August (varies by county) until May/June.  |
| Summer                                | 300 hour VPK Program that runs from May/June to July/August.  |
| Summer - First Half                   | Portion of the 300 hour VPK Program that runs from May/June.  |
| Summer - Second Half                  | Portion of the 300 hour VPK Program that runs from July/August.   |
