#### **FISCAL ANALYSIS IN BRIEF**

For Fiscal Year 2010-11

The Fiscal Analysis in Brief is an annual report prepared by the Florida Legislature to summarize fiscal and budgetary information affecting the 2010-11 fiscal year.

The document contains graphical depictions and detailed listings of appropriations, fund sources, nonrecurring issues, vetoed items, financial outlooks, and legislation affecting revenues. \* (See Note Below)

It also includes the Truth in Bonding Statement used to support the General Appropriations Act. The document reflects appropriated funds only and does not include local revenue for educational entities such as local property tax revenues and student fees.

Various sources were used to prepare this document. Among the most important were data from the Legislative Appropriations System / Planning and Budgeting Subsystem (LAS/PBS), multiple consensus estimating conferences, the General Appropriations Act and other fiscal-related legislation, the Governor's Veto Message, and explanatory information used during the appropriations process.

\* Note: This document does not address appropriations contingent on the extension of the enhanced Federal Medicaid Assistance Percentage since they have not been implemented as of the publication date of the document.

- (1) Should all newly eligible counties levy the tax, the statewide impact would be \$96.2m cash, \$230.8m recurring in 2010-11, \$249.7m in 2011-12, \$268.2m in 2012-13, and \$286.7m in 2013-14.
- (2) The impact is zero because the Lottery does not anticipate being able to purchase additional machines within the \$329 per month per machine constraint
- (3) Due to the need for adoption by universities' boards of trustees, the conference adopted an indeterminate positive estimate. The anticipated impact for 2010-11 is \$24.9 million.
- (4) Redirects receipts between trust funds--see backup materials for details.
- (5) The impact shown does not include the following revenue which is included in CS/CS/CS/HB325: \$.3m in 2011-12, \$.4m in 2012-13, and \$.5m in 2013-14.
- (6) The conference estimates that the current capacity for this levy is less likely than \$10m annually.
